ZORA VIDAS

Dear Zora —

Best wishes to a very sweet little girl I'm very glad to know. Hope I see lots of you next semester again.

Dear Zora,
We've known each other since grammar school, & I think you are a swell girl. I hope you have a wonderful vacation, and that I see you around Lyons & at Dresger's (Koppie to you!) P.S. (you are cute!)

Dear Zora:

It's been nice having a swell girl in C. I've enjoyed knowing you. Hope you get all the break! Always,

AYBE it seems strange, but the beginning of high school days is a different phase of life in itself! One can easily compare the life of a student to that of a snowball if you look at it in a figurative manner.

When one stops to think about the progress of high school days, it is easy to realize the similarity between a beginning freshman's new journey, and that of a snowball's. They both venture as something without a future; something that needs a little push to get started before rolling and rolling to higher levels. Once started, the human gathers no

snow, but forever grasps knowledge, gains fun along with opportunities for success, and acquires new friends along the way. Of course, in this MORTONIAN ADVENTURE, the way will become rough and a little more brain and less brawn will have to be packed or taken away from this goal for which you strive.

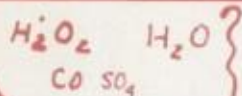

In the end, however, you'll not turn out to look like a snowman, but you'll resemble more the American citizen you were cut out to be.

AS A RESULT OF MORTON'S FINE ADMINISTRATION,
OUR SCHOOL HAS UNTOLD OPPORTUNITIES

Board of Education

The administration here at Morton is the nucleus around which all of the activities and organizations revolve. The men who comprise it constantly have the pupils' welfare in mind as they carry out their responsibilities.

Below are the members of Morton's Board of Education. These men are elected to their positions by the citizens of the school district. Most of us never see them or at least have any personal contact with them, but they have a direct interest in the students of J. Sterling Morton and see to it that we keep on getting the fine equipment that we have here. It is the responsibility of the Board to appropriate public funds for the upkeep of the school.

**THROUGH THE EFFORTS OF THE BOARD OF EDUCATION
MORTON WILL CONTINUE TO PROGRESS**

NAMES OF THE BOARD OF EDUCATION AS THEY ARE SEATED

FROM LEFT TO RIGHT: George Petru, R. W. Hoffman, Joseph Mirzek, A. M. Janeczek, Edward Chodl, and W. P. MacLean.

SAVE SOME CAKE FOR US, MRS. MacLEAN

Salute to Morton

In this first year of peace, I am happy to salute a student body that is unafraid; unafraid to pioneer and try new and untried ways; unafraid of facts, believing that only a citizen who is well fortified with facts is capable of making sound judgments; unafraid to show faith in God and in American institutions; unafraid of sentiment or emotion since it is distinguished by displays of love for parents, affection for home ties, loyalty to school, devotion to high ideals, and unfaltering patriotism; unafraid of work to which our shops, labs, homemaking, business education activities, and the zeal of many service clubs bear continual and picturesque witness; unafraid of the present or the future—Those we see every day and what we see every day strengthen our confidence in the future of Morton and of America.

W. P. MacLEAN

Administration

Another part of Morton's administration are Mr. A. R. Moore and Mr. W. C. Stone.

Many of us at Morton recognize Mr. Moore as being the head of the National Science department, as well as being the assistant superintendent of our school. Even with his double load, he has enough punch and go left over to be the friendly and congenial fellow we all know him to be.

A fellow who is always in there fighting for the betterment of J.S.M. is Mr. Stone. He's the one who tackles all the business problems and buys all the equipment that is necessary for the college and high school departments. He, as business manager, is as cooperative with the student and their various enterprises, as he is with the faculty. In case you want to get in touch with him you can find him in the main office.

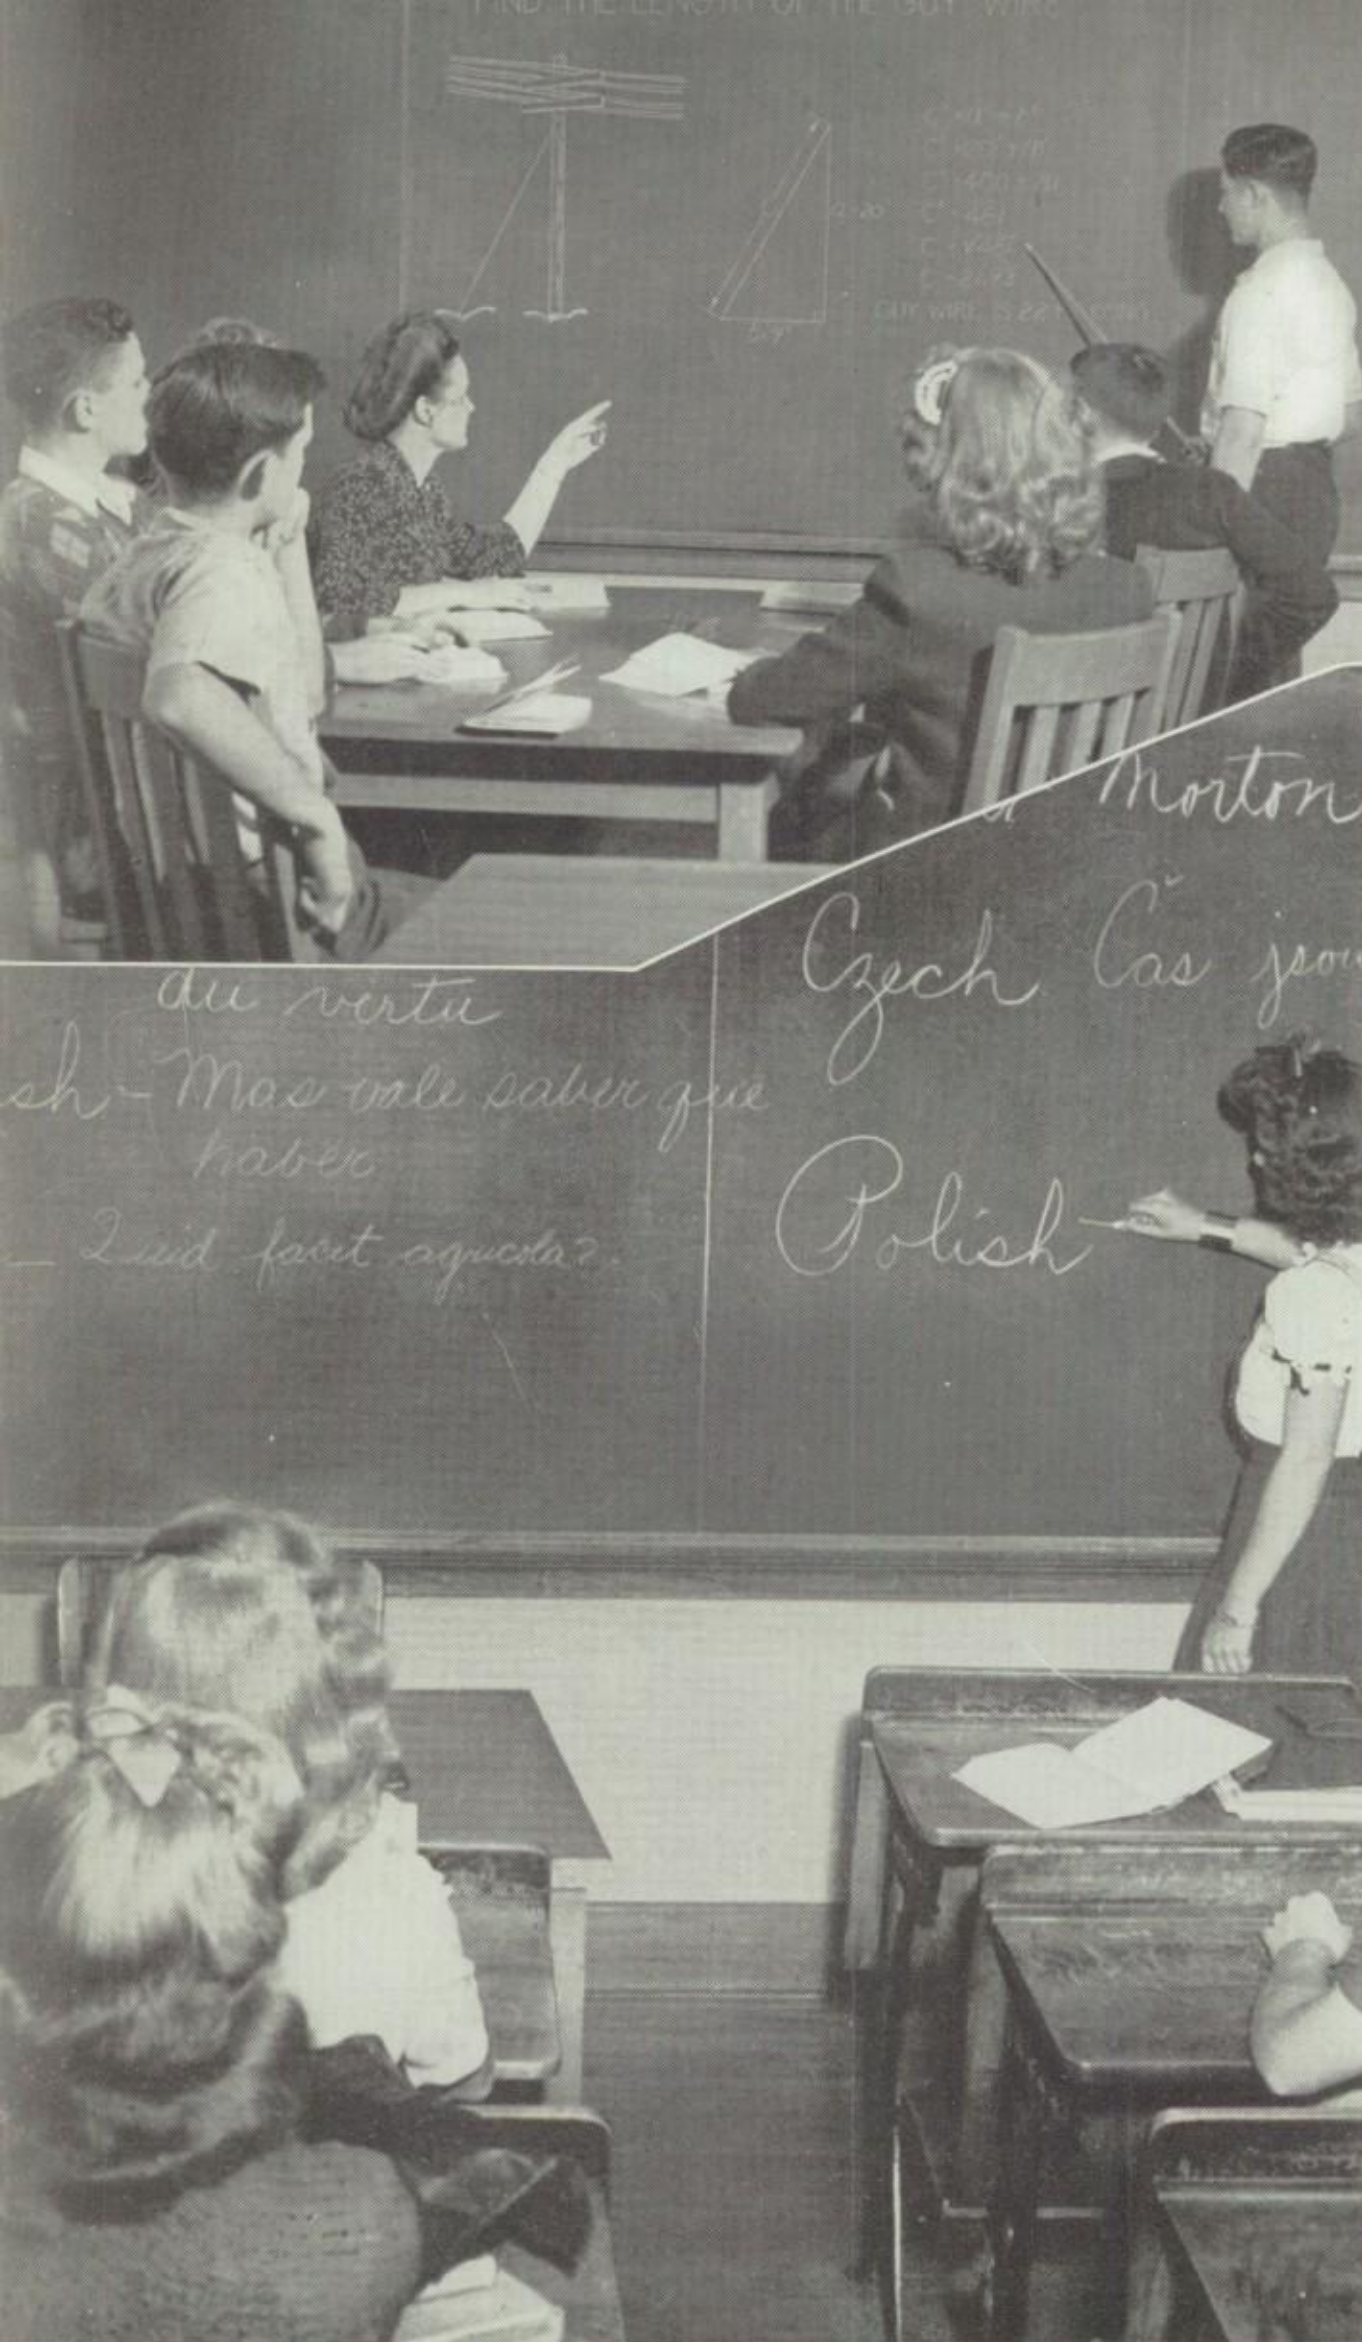

Deans

Some time during the school year you must have noticed a gay little character skip lightly into your classroom with a little yellow card in hand. Of course, you never have received one of these so you wouldn't know that it is a "summons" from the deans. Students are constantly entering and leaving the deans' offices; some take a short visit and emerge smiling (or smirking); others take a longer visit and come out sulking. Still others never come out again.

Seriously, although we might not know some members of the administration per-

sonally, there are very few of us who don't know our deans. We often speak of them as the agents who enforce the rules and regulations here at Morton but do we realize that they have been given this responsibility to help Morton keep on encouraging the best ideals and attitudes in our student body. Their friendly advice and council has helped many students to realize their capacities. Our deans act not only as deans but also as faculty members. The boys' deans at Morton are Mr. E. E. Johnson and Mr. D. W. Burford. The girls' deans are Miss E. M. Prutsman, Miss M. H. Fisher, and Miss O. H. Bush.

Morton Maintains a Medical Staff For the Good of the Students

Medical Department

For your information the medical department in room 380 isn't there for the sole purpose of giving you an excuse for ditching gym. Our nurses have other responsibilities such as giving free medical examinations to prospective graduates and also to students entering sports at Morton. They also take care of classroom casualties such as cuts and bruises incurred in this business of being a student.

Some nasty people try to tell the freshmen that more people walk into 380 than walk out, but of course, that isn't true. If you watch closely and keep count of those who enter and those who leave you will find they usually even up by the end of the week. Now and then a few howls of pain ensue from within, but with the nurses in charge, patients don't suffer long (Bang, bang). They have a new doctor on the staff this year so be sure to go and see him sometime, even if you must break a leg to do it!

Those Responsible for Morton's Appearance and Comforts Are the Maintenance Staff

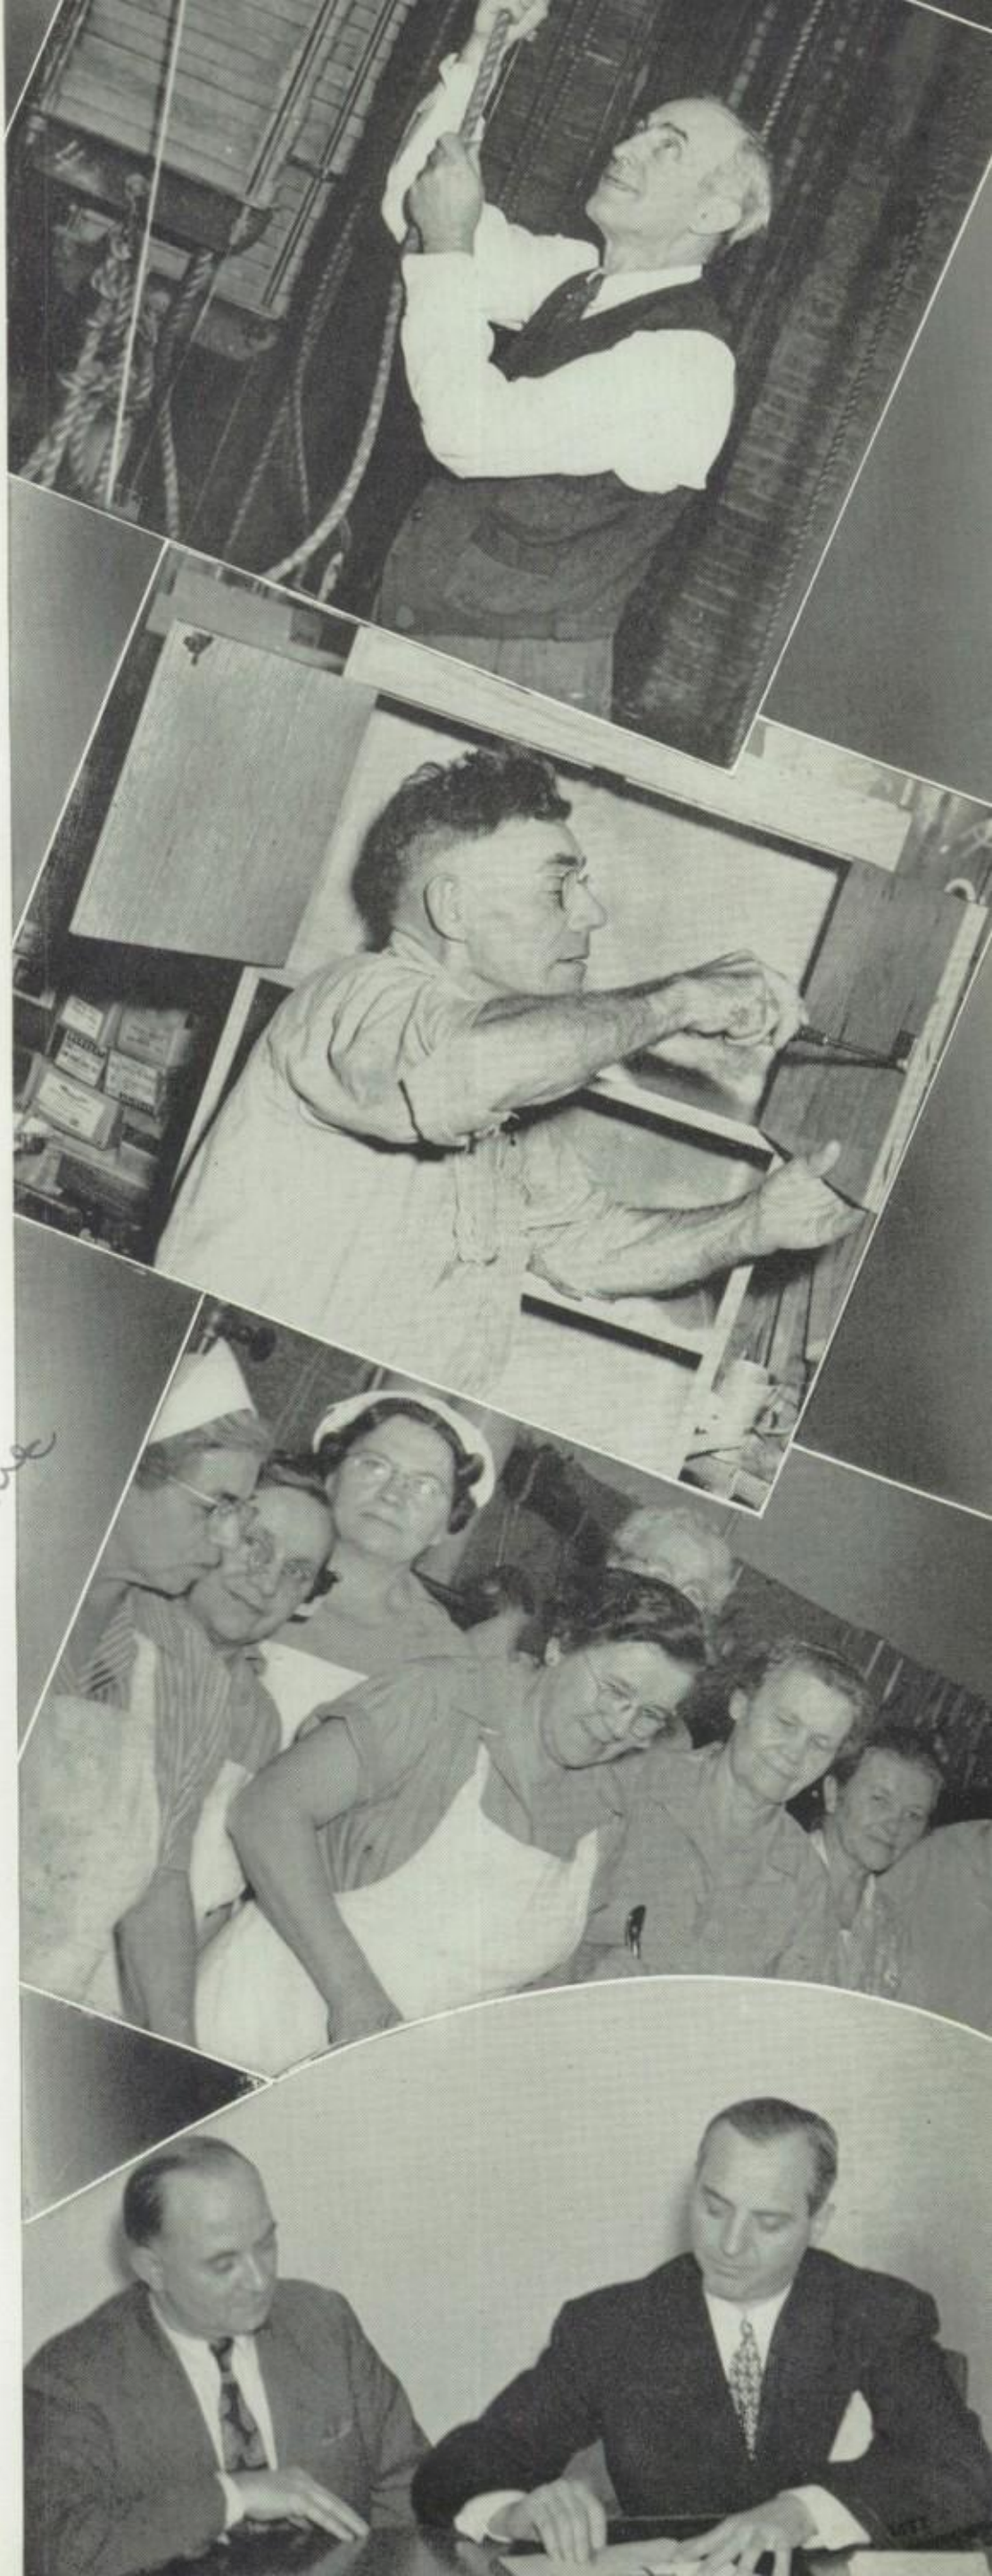

Maintenance Staff and Cafeteria Staff

The maintenance staff—now there is a fine group of "eager beavers" if there ever was one! Always on the job, be it repairing pictures and broken equipment, or replacing lights, soap, and towels in their places. In the wee hours of the morning or in the broad daylight, these men and women have the cleanliness and good condition of Morton on their minds. Long after the day has ended for the students (in this brain factory) and the sweat of hard labor has left our brows for another day, the men and women of the maintenance staff swarm over the building with their pails of green dust, brooms and other equipment with which they keep our school in its excellent condition. Ben Smith is the "brains" of this group and he sees to it that the comforts of the students and faculty don't go unnoticed. And "leave us not forget" how helpful and cooperative these boys are when they are asked to help some enterprise of the school "go off smoothly." Yes, Ben and his boys (and girls) deserve a lot of credit.

*Ben Smith is the

Dolores Zahore*

Rrrr-ding, that well-known sound was supposed to be the cash register. We students certainly keep those gadgets down in the "caf" going full force, be it for a coke or a full lunch. And speaking of cokes and lunches, that staff of women under the direction of Mr. Burster, really produce the goods. They keep their kitchens in "ship-shape" and cook our meals in apple-pie order. The women on the staff feel that working together as an organization benefits the students. This staff also willingly cooks the food for our banquets and dinners here at Morton.

Just how do you think the "caf" would look after we got through with it if these people didn't wash the tables and clean up the mess when we left? We certainly take our meals for granted down there, and we realize very little the service rendered by the cafeteria staff.

In Memoriam

Mr. John H. Drechney, member of the Morton Language Department, passed away in January, 1946. To all who knew him, Mr. Drechney was a kind, understanding friend, as well as teacher and adviser. He often explained his philosophy of life by quoting Odessa:

Vive quasi cras moriturus;
Disc quasi semper victurus—

Live as if tomorrow you die;
Learn as if you will always live.

Mr. Drechney has passed on, but the knowledge he has instilled in the students of Morton will live forever.

Miss Elizabeth B. Augustine came to the Morton Mathematics Department in September, 1917. Her service ended abruptly on May 5, 1945.

The memory of this gracious woman, her smiling face, ability, personality, and her devotion to her work, is impressed on the minds of us all. Many will remember Miss Augustine as a fine teacher, helpful adviser and inspiring friend. With all of us, her memory lives on.

The Workings of the Morton

Say, kids, has it ever occurred to you that the MSGA is Morton's symbol of democracy? We, the students, are governed by a government of our own making. We can either make or break this privilege.

Since 1933, when the Morton Student Government Association drew its first breath (pardon me while I catch mine), it has had a firm foothold in the activities of JSM.

Modeled after our National Government, it has been divided into three branches: the executive, assembly, and judicial. (Copy Cats!) The executive branch consists of twenty-four hard-working Mortonites who make up what is known as the Board of Directors. They are the fabled "Gibraltar" of the set-up to which all the other organizations look to for support.

'Cause it is impossible for all to attend the meetings, we have a representative form of democracy. Each GA class elects a civic-minded Joe or Jane to act in their behalf. These elected representatives compose the assembly.

The executive committee is the go-between the Board of Directors and the assembly. It is composed of a president, vice president, secretary, assistant secretary, and treasurer. Incidentally, Morton broke a long-standing tradition this year when Barbara Kennedy was elected to serve as president. She is the first gal ever to attain this high office. Barb brought glory and honor to Morton this year when she was also elected president of the Northeastern District of Illinois Association of Student Councils (gulp!), which held its annual convention here.

Strictly "first-rate" are the three faculty advisers: Miss Miller, Mr. Kasik, and Mr. Larimer.

The MSGA offers an opportunity to the student to voice his opinion. It is because of this that we are proud to be a part of a great school in a great country!

Always "Johnny-on-the-Spot" are the MSGA committees. Lend your ears, chillun, while I try to tell you why.

First there is that gala committee, by name the Social, who plans our swing sessions. Then comes the Publicity Committee, who is kept hopping to advertise these events. The Assembly Committee brings up the curtain on many assemblies.

Under the eagle eye of the Calendar Committee, dates are made with various organizations. The Election Committee stands guard over the school elections. After election the unevasive Eligibility Committee checks on the IQ of the members.

The Welfare Committee keeps the morale of the school up high, while the Hall and Dining Room Committee keeps our halls down quiet. Due to the brain-work of the Athletic and Booster Committee, we have our traditional homecoming festivities. The Freshmen Orientation Committee is the guardian angel of all freshmen.

MSGA Committees

Dear folks of the MSGA
Best wishes - Remember
LHL & EMP - What a laugh to
as always -
Bob Mulhausen

Keeping the MSGA office up to par is the sublime task of the Maintenance Committee, while the Club Committee is the "big brother" to all clubs. For the purpose of keeping us posted about the different colleges, the University and College Committee has been adopted.

The Contact Committee has charge of the attendance record and also informs members of the how, when, and why of meetings. Keeping careful records of the business proceedings is the big job of the File-Clerk and Historian Committee.

Those deserving honor and recognition for services rendered are taken care of by the Medal Awards Committee. Last, but by no means least, we come to that very popular committee, the Christmas Seal Committee, which takes charge of selling the seals.

These Committees deserve a big hand because they have done their share of work, always with a smile!

MSG A Court

Look before you leap, "eager beavers," the Court is in session once again!

The purpose is to conduct fair trials for students who have violated school rules. These offenders prefer to be dealt with by the Court because it tries to reason with them. (Ha, ha!) If the defendant is guilty he is punished as befits his crime. (No, he isn't sent to "Sing Sing," but he might be made to serve his time in a few study halls or write a *long, long* theme.)

If ever you are brought before the Court, your fate lies in the hands of the justices and faculty advisers, Mr. Sistler and Mr. Trigg.—Court adjourned.

Student Bank

"Next window, please."

What's this? You mean to say that you've never had any business dealings with our Morton Student Bank!

Many students wish to save a pretty penny for a rainy day, and so for them the Bank has been created. The Bank is open to anyone who wishes to have a little "nest-egg" put away in case of an unforeseen emergency. (Like losing your lunch, for instance!)

It is a class on banking methods under the direction of Mr. Sahlin, where students learn the proper banking procedures.

Come on, gang, and get hep by depositing those extra coins here at school!

Mr. P. A. Wickstrom left the Annual for a position as superintendent of schools in Michigan.

Annual

Since the "A" office is slightly off the beaten path, most guys and gals don't know what goes on behind the swinging doors.

Overhearing a conversation between the staff members, you might wonder where an alien goes to register. No, a layout is not one of those lazy characters who stretches out and takes it easy, but those who are "in the know" can tell you that it is the plan of the pictures for the year book. When "Where's the dummy?" is heard, the editor isn't paging one of his associates, he is asking for the rough draft of his section.

After receiving their dummies, the editors set to work. Careful planning is required in taking the pictures. Naturally, everyone forgets that they have copy to write until the deadline is almost upon them.

Outside of editing their own sections, there are many things to be done by the gang. Preparing for a big session with his homework, an unfortunate member of the staff may come down to Room 104, only to be met at the door by a colleague in distress with an armful of work.

Of course, it isn't all work and no play, because these Jacks and Jills are not dull. One thing that is noticed by those who are brave enough to enter the "A" office, is the casual, natural appearance of the occupants. At about this time Mr. Wickstrom returns, and "Cut out the horseplay! Off the desks!" brings about a more business-like effect.

Looking back on the year of hard work and fun, these Chicks and Chucks can point with pride to the part each played in making the Mortonian Annual a success.

Who's the boss around here?

Two for flinchin'.

Strictly business.

Work? Who're you tryin' to kid?

After two months with the Annual staff, Miss R. M. Keeshin left to enjoy the peace and quiet of married life.

Mr. C. D. Davis, who had been the adviser of the Annual several years ago, returned to assist the students during the second semester with the completion of the book.

Best of luck

Mortonian Weekly

How much do you know about the Mortonian Weekly? You read the paper, and you know where the "J" office is, but do you know what goes into the making of a newspaper?

Let's "jean it" into room 249 and see what's "cookin'." Upon entering the "J" office, we meet with a scene of confusion created by the constant rushing to meet the deadline. The character seen cracking a whip over the reporters at the typewriters, is one of the page editors. The page rivalry is an added incentive in making the paper the popular publication that it is. While waiting for their turns at the typewriters, some of the kids eat their lunches while the more ambitious journalists busily correct copy. Those errors are the work of the office pet peeve—type lice.

Every article in the Weekly has a lot of work behind it. Writing the material, copy-reading, and setting the type are all part of the big job taken on by the staff, efficiently headed by "Willie" and "G. G."

After two years of sharing, every student now receives a copy of the Weekly. Other copies are given to the teachers, and again this year copies are being sent to men in the service.

Photographers

Dear J
Load of luck & kindness
to a swell
Love,
Aimee Oryshoite

Did you see that flash at the assembly — at the dance — at the game? That probably came from the flash bulb on the camera of one of C. O. Drushel's vocational photographers. Anywhere, anytime, if something is happening, these camera "bugs" are there, taking pictures of the big event.

In addition to taking action shots of school activities for the Weekly and the Annual, these fellas and gals also photograph all the classes except the seniors. These kids rate a big cheer for the long hours of hard work they put in to help make these publications successful.

The photogs have at their disposal in Room 201A, modern equipment including flash bulbs, flood lamps, developers, and enlargers, enabling them to develop their hobby.

Thespians

"What, you've just been awarded an Oscar?"

"Well, not exactly, but I've been chosen a member of the Thespians."

Yes, being elected to this National Honorary Society of outstanding dramatists means as much to them as winning an "Oscar" means to Hollywood actors and actresses.

When elected, it is a result of having done outstanding stage and scenery work, and actual participation in plays. Being a member of the Radio Guild, having written radio scripts, acted in radio plays, and produced programs, are all highly considered for entrance into the organization by Miss H. G. Todd, the adviser.

The Thespians, which is a non-secret and non-social honor society, had its beginning at Morton in 1935. Throughout the United States there are about 600 Thespian troupes, ours being Troupe 309.

So, if you're a second Ronald Coleman or Bette Davis and are interested either in the field of radio or dramatics, you have an excellent chance of becoming a Thespian.

Quill & Scroll

"Say, where'd you get that reet-looking pin you've got there?"

"Ah, this is the Quill and Scroll pin that all high school journalists receive when they've fulfilled the necessary requirements. They must be members of either the Mortonian Weekly or Annual, a junior or senior in the upper third of their class, and recommended by Miss Gaarder and Mr. Wickstrom for outstanding work on their particular publication. When Morton writers have the privileges of becoming a member of this honorary society they often begin to compare themselves with Somerset Maugham or Mary O'Hara."

Before becoming a member, the candidates are put through several initiations, from roller skating to school to pushing an egg down the hall with their nose. If the victims are lucky enough to come out alive after the initiations, a banquet is held, and they are presented with their pin and are full-fledged members.

Lots of luck to a fellow student

Masque & Gavel

all the Happiness in the
world to a cute girl

"What's the rush, Bub? Where's the fire?"

No fire, but there is a rush. I'm on my way to join the Masque and Gavel.

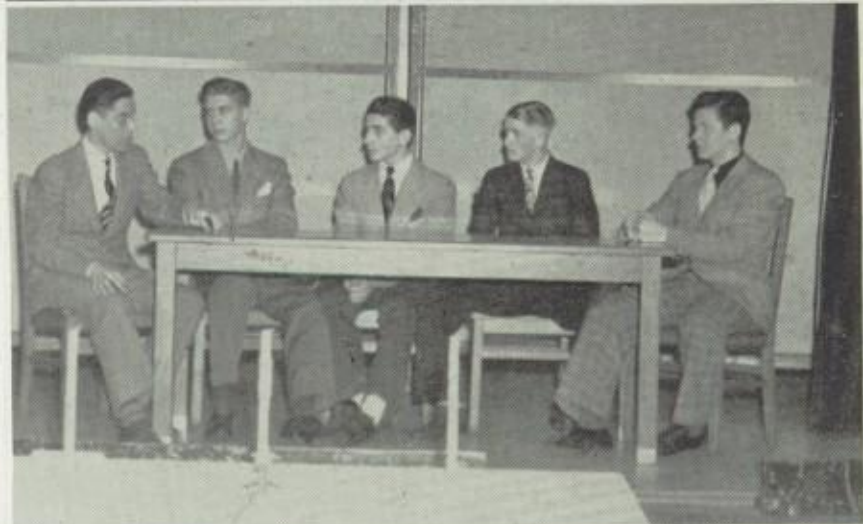

If you're strolling down the hall and are suddenly swept off your feet by a beautiful blonde, don't get your dandruff up, she's only hurrying to join the National Honorary Speech Association, the Masque and Gavel.

Its main platform is to assist students in raising their standards of speech by providing services of analysis and advice.

Becoming a member of this society has a number of advantages. A person too bashful to participate in school affairs may easily overcome this. It also helps a student in every-day speaking.

Candidates must have an average of at least 85 and be approved by two major classroom teachers, the Masque and Gavel sponsors, Miss Berry and Mr. Kimball, and the superintendent.

So, if you have any of the speaking traits that Abe Lincoln had, rush down and see either Miss Berry or Mr. Kimball.

Dear George
Hi skippy
I mean "fat"
We've had a roller of fun
together in the caf - laughing
arguing.
I wish I could sit with you
again in Sept. but I'm afraid not. You
see, I won't be eating, then. I'll be
dieting. Dieting, I said!
Loads of luck, to a really
sweet & swell gal.
Love & kisses.

Morton Seniors in Dramatics

To act or not to act, that is the question that every member of Senior dramatics asks about the senior play. Everyone's greatest hope is to develop ability and skill that rates being chosen a member of the cast.

The Carnes Cup is awarded to the actor with the most outstanding work in voice and diction. This year a new award called the Coggeshall Cup was presented to the individual who displayed the best acting achievements.

"Snafu," by Louis Solomon and Harry Buchman, a modern production, told the story of the trouble of fifteen-year-old Ronald Stevens. He completely confused the family with his antics, which made the whole play a hilarious comedy.

Dear you -
I'm glad
you were in my
Jazz class and
hope I see you
next term.

The Queen's Christmas

A Christmas play, along with the senior play and numerous skits, is presented every year by the Morton dramatic societies.

An outstanding feature of this year's production "The Queen's Christmas," was its mummer's play within the production proper.

Diligent work and cooperation on the part of Miss Coggeshall's group combined to make this year's play a success.

Its plot revolved around the visit of Queen Elizabeth to the Seldingham castle. When the visitors arrived, they were immediately taken into the spirit and goodwill of the season and were presented the mummer's scene, performed just for the queen's benefit.

Elegant costuming and caroling angels contributed to the atmosphere and gaiety of an Elizabethan Christmas.

Dearest Zora—

I've known you a short time but really, it seems long! I think you are a kind, thoughtful, and sweet girl! If ever we should meet again I hope we continue our friendships. I think everyone likes you as much as I do because you like to make everyone happy. I want to wish you all the luck, happiness, success in your near future.

As always with

Symphony Orchestra

Morton!! Champs again, but this time it's in music. The orchestra continues Morton's tradition. The tradition, as all Mortonites know, is national fame. Mr. Blaha, the conductor of the Morton orchestra, has helped to keep this tradition since 1941. Morton stood out in the minds of music educators such that the orchestra was invited to participate in the National Music Educators' Conference, held in Cleveland, last March and April. The Brass choir, which contains eighteen members, and the string quartet, were also invited.

There is over one hundred players in the Morton Orchestra. These one hundred players make up seventeen sections.

The orchestra has access of the Music Library located in the music department, which has close to five thousand copies of compositions filed there. These compositions represent all types and nationalities.

The Morton orchestra usually conducts their own concerts in Morton's auditorium. They also participate in doing pit work for graduations, baccalaureates, and operettas.

Many students are instructed individually so that every mistake may be corrected at the proper moment. Mr. Belsan, assistant to Mr. Blaha, is the teacher of the string. Usually teachers are brought from well-known orchestras to develop talent.

Sectional teaching is done by members of the Chicago Symphonic Orchestra. Many student musicians who are taking lessons from members of the symphonic orchestra soon hope to become members themselves. Their one objective is to give musical enjoyment to the world. At least three or four nationally famed conductors are guest conductors yearly.

Morton is resuming its work to win contests that were held up because of the war.

Dear Zora:
 You're really a
 swell person so all I
 can say is the best of
 luck and happiness in the
 future - Love and still

Band

Ah, ah, don't touch that dial. It might be the Morton band playing your favorite songs.

Once again Morton is holding top national honors in Music as it has since the pre-atom bomb days of 1933. Mr. Blaha, throughout the sixteen years of his teaching career here at Morton, helped us to retain this recognition. Morton's band success is contributed to intonation, clean technique, phrasing, balance, and excellent interpretations. The Morton band is noted for the way they play a folk song or a symphony.

This year the Morton band had exceptionally fine concerts. Many students, who are soloists at these concerts, have been featured with professional organizations all over the nation. These compositions played by the soloists are inscribed by Mr. Blaha. Three or four concerts a year are generally played before the public as well as being played before judges in a contest. The Morton band seldom fails to walk off with the first prize. Many students who were once Morton band soloists are also playing professionally over the vast network of radios.

*Here I am again
just call me
(Jack King)*

Aeolian Choir

Oh (Swoon), what a voice. In Morton's own Aeolian choir there is a lot of competition to beat that crooner. The choir has been presenting many productions throughout the year of which "Rosemarie" and the "Messiah" were indeed the most excellent music productions performed during the year. The Morton Choir has even become radio famous. Many of their songs have been recorded and played on Morton's own radio program in the WHFC radio studio.

Mr. C. H. Kickert, the director, has spent his four years here at Morton proving to the public that Morton has excellent talent. He has sent many soloists to singing contests, which are easily won by Morton students.

Mr. Kickert is indeed a genius with voices. Many of his former pupils who were soloists, are now warbling professionally in many states. Students who have good voices contribute them to practice, hard work, and a good brand of cough drops.

Many former students who were under the direction of Mr. Kickert have performed in many USO shows to entertain the servicemen. Recognition of fine service of the music department has been observed by all.

Dance Band

I hope I'll see you at some of the dances
again, Zora.

Where did you
get that beautiful
drape shape. I think
I took quite a lot of advantage of it
this semester too.!! - Huh - huh

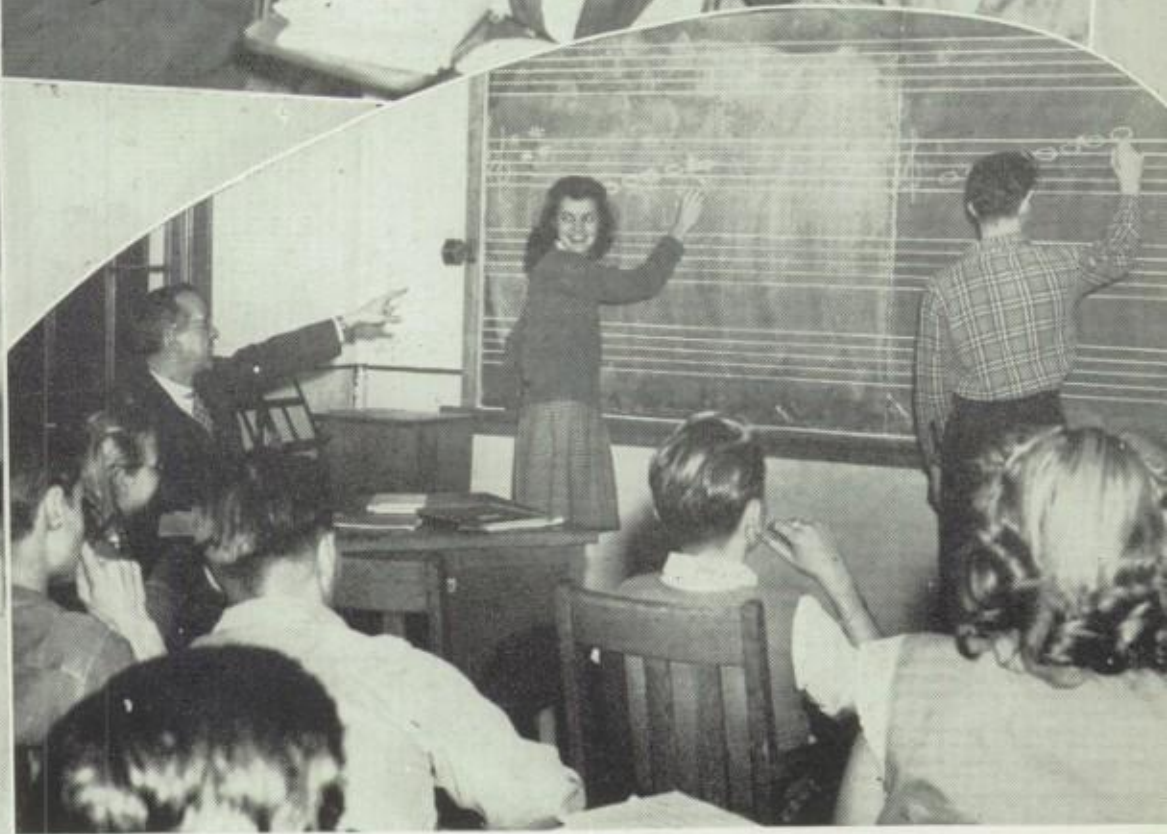

Man alive, listen to 'em swing it. That Morton dance band is really solid when the jive boys are at their best for the hep cats of Morton High.

The dance band is chosen by Mr. Blaha for their ability to play smooth or hot music. These sixteen lads are seen at every afternoon and at some evening socials conducted here at Morton.

It has taken a lot of intense training for the dance band to learn music the way fellas and gals like to hear it played. They have been performing well enough to appear often on outside jobs. The Morton dance band has usually appeared under an assumed name chosen by popular vote among the players.

Thank you

Dear Father,

Musicology

Ho Hum, sweet refrains of music are flowing from those records. Compliments as such are heard daily by Mr. Habermann, instructor of musicology, concerning the great works of art of music. Musicology consists of theory, history, harmony of music, and music appreciation.

In theory class the system of song writing and reading are studied and original compositions are often written. Inspiration, skill, and ingenuity are needed to write notes and lyrics.

In history the development of forms of music and types of instruments are gone over. The originators of fine music are also studied. The history is the basic subject to take if a person wishes to become a teacher of music.

In harmony class the work is done to train a student how to write different note positions correctly. Indeed, when a student is finished with this class he is in the making of another Gershwin.

Music appreciation is the most enjoyable class as far as listening pleasure is concerned. The phonograph is turned on and all the students are asked to lean back in their chairs and listen to beautiful music, after which an analysis of the music is made.

The musicology course is considered to be the fundamentals when a musical career is planned.

Jr. Red Cross

This year, under the supervision of its new advisor, Miss A. M. Pappas, the Jr. Red Cross has successfully sponsored a Christmas drive, sent gift boxes to children in devastated areas, gifts to veterans in hospitals, held its annual Red Cross Drive and an all-class dance.

The help of the sewing and art classes was greatly appreciated. The sewing classes made clothes for the Red Cross that were sent to regions of greatest need. The art department made stationery folders, menus, and Christmas favors that were sent to various hospitals.

The Red Cross cabinet consists of Mary Jamieson, Don Draper, MayBelle Wallenta, Erma Wagner, and George Talbot.

French Club

After a conspicuous absence of several years, one of Morton's oldest clubs, "Le Cerde Francais" has again added its name to Morton's list of active organizations.

This club, under the advisorship of Mrs. Blair, was organized to promote interest in the French language, art, literature, and drama. After careful study of the arts, visits are made to art galleries, operas and other places of interest.

Spanish Club

Buenos días, you all.

Translated, it is "good day" with a southern accent.

Seriously, though, El Círculo Espanol has enjoyed a busy and colorful year. Its full schedule included visits to Mexican movie houses and restaurants, traditional parties in the teachers' cafeteria, the gala spring fiesta, dramatization of plays, and even music and dance sessions where we've "cut" many a Spanish rug.

Czech Club

Cross-sections from typical Czech Club meetings reveal refrains from notable old Bohemian songs, motion pictures, oral reports on quaint traditions and mannerisms, and exhibitions of folk-dancing. This year the club sponsored their third annual "Favorite Teachers' Tea."

This year's officers were: Vera Spousta, Geraldine Kutman, Grace Horn and Jarmila Zemanek. Miss E. Jahelka is the advisor.

Bowling Club

There's a certain group of students who meet at the National Bowling Alley on Saturday mornings. Naturally, these kids are from the Bowling Club. Because the group is so large, it is divided into boys' and girls' teams. While improving their games, the fellas and girls compete for the tournament trophies. These trophies are awarded for singles, doubles, the first team, and the high game. This year, student-faculty competition was inaugurated. Under the leadership of the *advisor*, Mr. P. R. Pavlinek; the *president*, Joe Calek; *vice-president-secretary*, Jack Lane; and *treasurer*, Joyce Fanter; they strive for a 300 game.

Cheerleading

Are we ready? Then let's get on with the introductions! Presenting those mighty morale builders and purveyors of pep—the Cheerleaders! Coached by Miss C. B. Metzger, the vim, vigor, and vitality girls give out with all the favorite Morton cheers at every game. And it's a dead Fred who doesn't respond to such favorites as "Brethren," "Boom-chicka-boom," the Morton Special, and Chant when they're led by the maroon and white clad Mustang Maidens. Their personality and pep combine to make the Morton Cheerleaders the sweetest sixteen in the states!

Beginners Creative

No need to tell these girls to step lively, their twinkling feet never seem to be still. If they are not working on a dance to be performed, they are "loosening up" under the experienced eye of Miss A. J. Novotny.

The girls have done wonderful work in entertaining the veterans at Hines Hospital, along with the many performances here at school.

Tap Club

Flash! Morton clubs have a new baby, and what a *beautiful* baby! It's Morton's newly organized Tap Club under the direction of Miss A. J. Novotny. This talented group has already demonstrated its ability, having appeared before the student body and various outside organizations on numerous occasions. The club has two groups; one for beginning and one for advanced work.

Advanced Creative

One of the organizations which performs at many social events is the Advanced Creative Dance Club. These girls are the "cream of the crop" of creative dancers. They have been seen at school assemblies, P.T.O. meetings, talent shows and outside functions such as the show for the veterans at the Hines Hospital.

The girls learn to make up more advanced dances and techniques and set them to music. Through dancing, they have obtained grace, poise, and rhythm.

The advisor of the club is Miss A. J. Novotny, ably assisted by the *president*, Gianola Bagas; *vice president*, Norma Giasolli; *secretary*, Shirley Kompare; and *treasurer*, Marianne Bartos.

Swim Club

Anyone dashing down the hall after the 12th hour on Wednesday should not be surprised to hear the splashing and laughter of the members of the Morton Swim Club.

It is not all playing though. These ambitious swimmers practice synchronized swimming, perfect their stunts, dives and strokes, and work toward a letter. During the year they hold a banquet and splash party, and near the end of the semester these fun-loving waterines put on an exhibit to display their accomplishments.

None of this would be possible without the competent direction of Mrs. J. C. Epply and the co-operation of the officers, George Nemec, Cecelia Mackin, Connie Langher, and Allen Kanak.

Girls Tumbling

No, it isn't spots before your eyes, but the Morton girl tumblers in their checked uniforms doing splits, walk-overs, flips, and flops. This is what happens every third hour as Miss C. Metzel spots them in their tricks. An Atlas course would be nothing compared to Miss Metzel's system of developing muscles, but just plain tumbling isn't all they do. This club is unique in many ideas. If you ever wander down to the foyer on Thursday, you'll see these girls going through their jivey routines adapted with stunts.

The girls that belong to the club were admitted after passing elementary eliminations.

Track Club

"Say, fella, you have possibilities of being a track man. Why don't you get on the team and join the Track Club?"

When the Morton Track Club sponsors its intramural meets or the grammar school meets, these words can be heard many times. The club buys the trophies for the events and encourages the boys to come out for this sport at Morton.

Reading Club *Esquire mag?*

Literary discussion ranks high with the Reading Club. The members sometimes read together, but club time is not always reading time. At these other sessions books are critically reviewed and discussed. Parties and food are often present, under the management of the club advisor, Miss J. Wentworth and the officers, Shirley Smith, Jean Lovegrin, Yvonne Aldridge, and Emily Grozich.

Radio Guild

In two rooms built especially for them, the Morton Radio Guild carries on its activities. In Room 426 the rehearsals for Morton's program "Moments with Morton" are held. The members get practical experience in announcing, radio acting, and scrip writing. The "Pot-holder" or Radio "M" and a possible membership in Thespians are two of the awards which spur the members on to do better work. The first semester's officers were: Richard Harley, Don Riesen, Doris Dryer and Georgianna Vobliza. The last semester's officers were: Don Riesen, Doris Dryer, Martha Celer and John Gardiner. Mr. W. J. Cherry is the advisor.

Best of luck to a
girl that looks nice.
from my seat

Ronald Flamm

Speech Club

Speech Club, a study club, has two avowed purposes; cultural development of personality through the correction of voice and diction problems and individual participation in verse and prose reading and extempore speech experiences. Members serve the school by speaking in the promotion of various drives. Eligibility depends purely on personal desire to improve. Morton students of any class are welcome.

Morton Writers

Like to try your hand at a bit of poetry, serious or funny, a description, a story, or a sketch? This is the retreat to come to, friendly and sympathetic—and have fun doing it.

Not that we can approach the great stylist Flambert, but we like what he says about words, the tool of the humblest beginner:

"Whatever may be the thing one wishes to say, there is but one word for expressing it, only one verb to animate it, only one adjective to qualify it. It is essential to search for this word, for this verb, for this adjective, until they are discovered, and to be satisfied with nothing else."

Chess and Checker

Think of the audacity of the members of a high school club — pushing around with abandon the bishops, the knights — even the kings and queens of some hypothetical monarchy. But that's what the Chess and Checker Club does, and the victims do not object, even though it happens every Thursday, the 12th hour.

Camera Club

Those "shutter-happy" members of the Camera Club are still at it. Armed with little black boxes, film, and flash bulbs, they are continually in search of something of pictorial interest.

During the club's meetings, the members do their own printing, developing, and enlarging, usually making prints for the club's monthly photo contest.

Best wishes to a very
enjoyed person who lives really
have all the luck I hope you
which you so richly deserve.
Loads of luck,
Helen Fendell

Operators Club

An essential and well-liked club at Morton is the Operators' Club. These are the boys that might get you out of a test! And they are the same boys that help you in your visual education. The boys are at the school's service all twelve periods of the day to show the hundreds of films brought to Morton during the year.

Movie Makers Club

If you ever see someone walking through the halls with a tripod in one hand and a camera in the other, be good to him, for he may take your picture. This is just what the fellas in the Movie Makers Club learn to do besides learning the intricacies of a camera.

The boys' first big assignment of the year was taking movies of the Morton-Oak Park football game. Since then, they have also covered most of the home games.

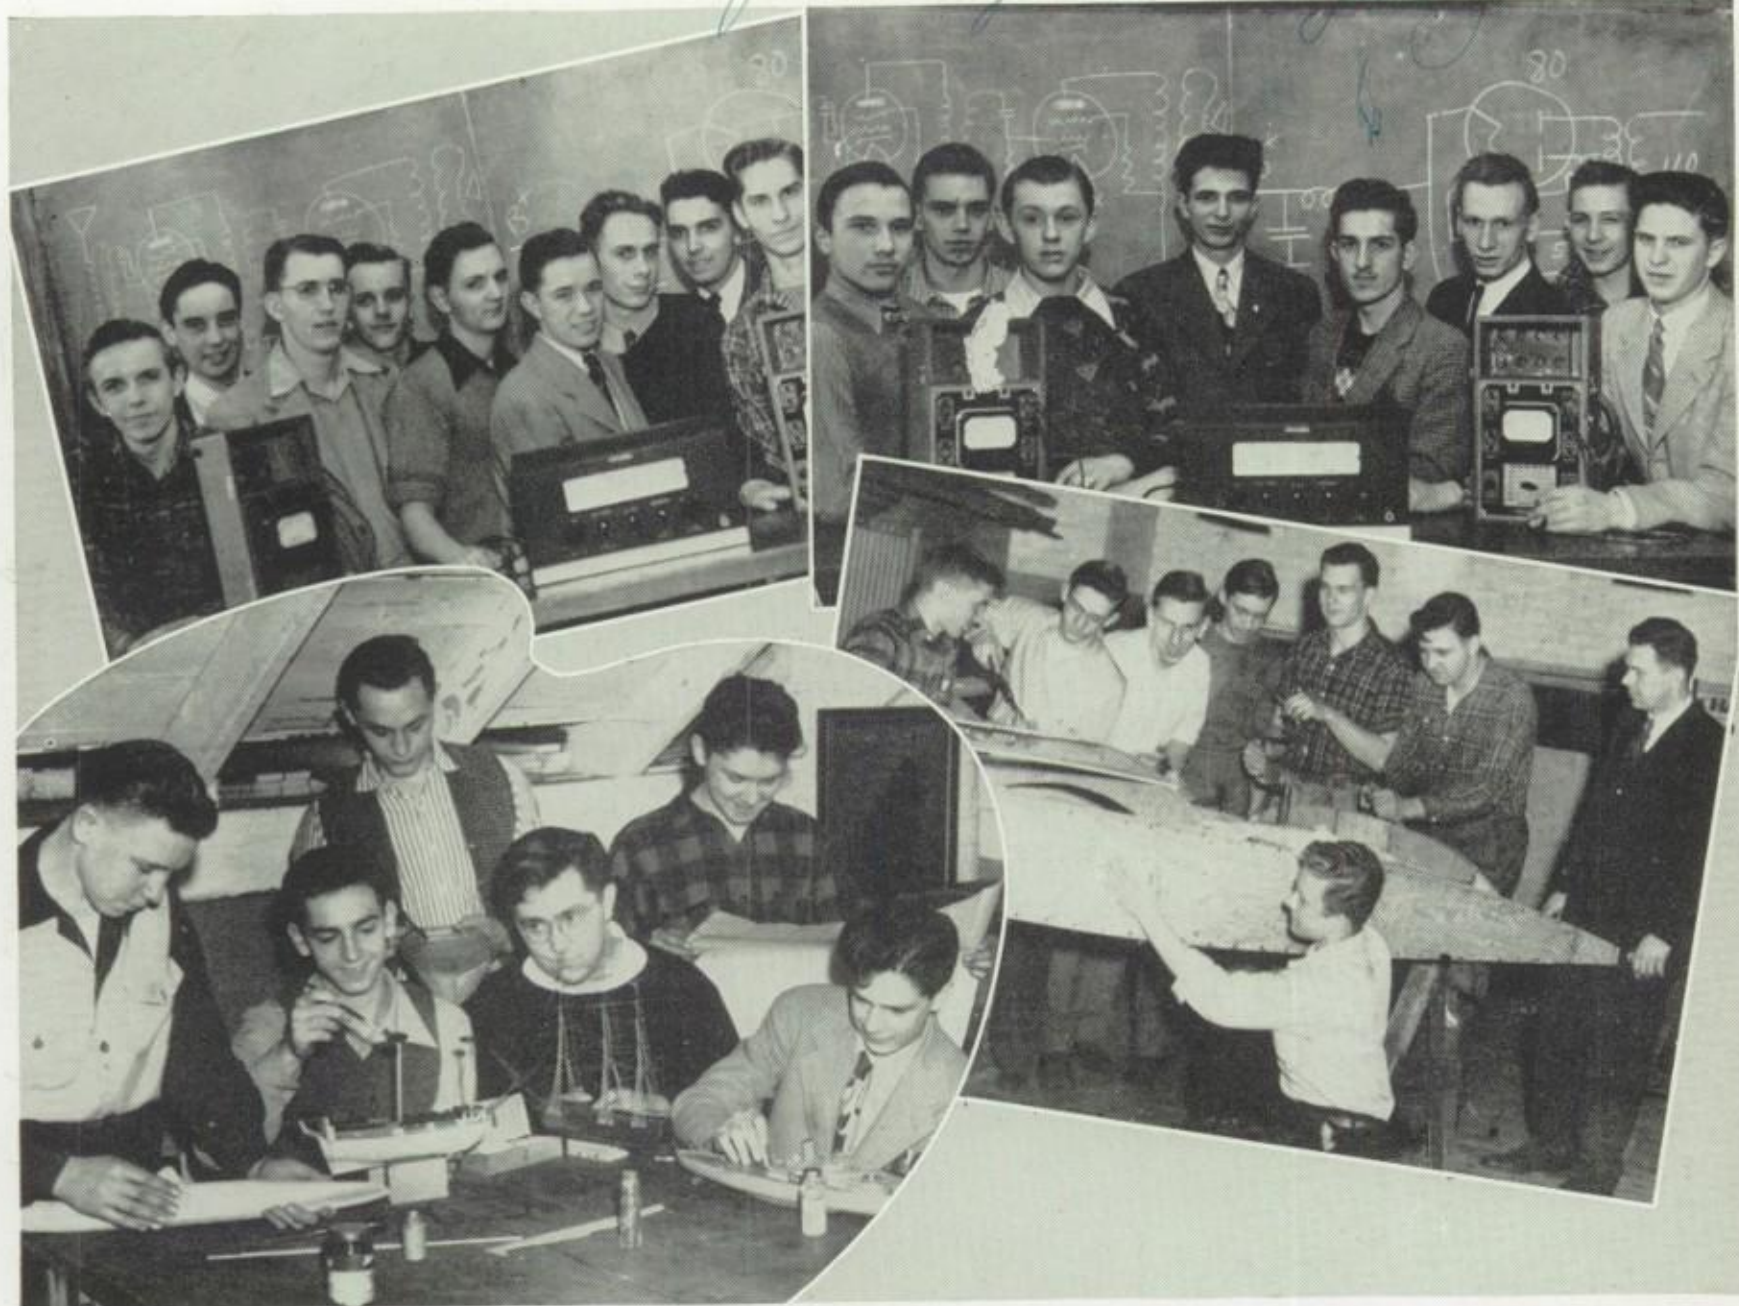

Future Craftsmen

Our Morton chapter of the Future Craftsmen of America is really "quite the thing." The reason being that the club has certain standards that its members and would-be members have to meet.

Industry seeks trained men capable of handling complicated machines — through their shop work and the Future Craftsmen Club—our shop boys are getting ready to fill the bill.

Physics Club

Anything can and usually does happen when the "Einsteins of Morton" get together. These potential physicists, under the supervision of Mr. L. W. Johnson, elaborate on class experiments and perfect their own during club meetings. United by a common interest, these students are getting the "low-down" on the "know-how" of physics.

Radio Club

Amidst the dots, dashes, whistling, howling, and weird sound waves emitted from electric shop each Monday and Wednesday, the Radio Club members can be found hard at work.

During the past year, under the attentive advisorship of Mr. G. H. Lyle and Mr. C. W. Elam, it was the principle activity of all interested to learn and understand the basic fundamentals of radio construction and operation. Small receiving sets were also built by the students in their spare time.

Range Boat Club

The Morton Ranger Boat Club is regarded as one of the most promising young clubs of Morton. Although the club is comparatively new, the boys have done excellent work under the able direction of Mr. W. J. Silhan. An industrious member can easily build a boat that is as good, and much less the initial cost, of one commercially produced. Model building is carried on in whatever spare time presents itself.

Saddle Club

"Hey! Going riding Friday?" That's the appropriate and usual greeting with which Morton Saddle Club members hail each other as they impatiently await the regular Friday afternoon ride at the Oakwood Stables. When there is a school holiday, the greeting varies slightly and may be: "Are you going on the moonlight, two-hour, half-day, or all-day ride?" — depending on which ride had been planned to make that day an extra-special one for the horse-loving group. Besides going on these carrot-corsaged, rain or shine dates with horses, this year the equestrians tried something new when they presented the Morton Saddle Club Horse Show. Instruction in the ring, formation drills, jumping, and learning the fundamentals of riding from the bottom up, prepared the riders for this exhibition.

Swing and Sway - *the Vernon Way*

Are you looking for a group of guys and gals who really make with the feet when the music gets hot? Well, the place for you is the Swing and Sway Dance Club. But don't get the idea that you have to be in "the know" about jivin'; an instructor, who is there as often as possible, teaches the latest dance steps.

This strictly solid club started two years ago and is advised by J. P. Shand.

Stamp Club

Such terms as O.G., straight edge, thin spot and watermark, may seem strange to us, but to the Stamp Club boys this is every-day language. Under the guidance of Mr. Ullrey, weekly sessions are held where the discussion, exchange and sale of stamps is carried on. If you are interested in Philately, just join up with these traders, collectors, and students. Stamp Club members, like stamps, stick together for the benefit of all — to help — to save — to learn.

Almega Club

If it's school service you're after, gals, the Almega Club will provide it. This club is right out in front when it comes to donations or helping the needy. Baby clothes made by the girls are given to various organizations.

The main event of the year is the selling of ribbons made from green, yellow, blue, and red cellophane. This sale is held starting from St. Patrick's day and continues for a week. The profits go to our Welfare Dept.

During the year various parties are held to enable the members to become better acquainted and late in May the annual banquet is held where deserving members receive service pins and the meetings are ended for the season.

Miss B. J. Vrba is the able advisor of the club.

Booster Club

Sports . . . Booster Club. Sports . . . Booster Club. Sports . . . Booster Club.

Nope! It just isn't possible — they cannot be separated. It's only natural that when you think of Morton and its "super" sports activities, you also think of Morton and its "super" Booster Club. Yep! That's the club that's really got the stuff! In the fall they start things rolling with their annual Plow-boy Prom. From the time the first football game begins 'til the last basketball game is over, the Booster Club is right there selling candy at the games and serving the traditional sandwiches, milk and fruit to the teams after each home game. This year the club sold snappy little Booster pins to loyal Mortonites.

The whole year of activities is topped off by the Sports' Banquet given in honor of the graduating athletes.

Jr.-Sr. Girls Club

"Service with a smile" could well be the motto of our Jr.-Sr. Girls' Club. Always willing to help, these girls give great service to the school and have a good time doing it. Their special projects are sponsoring the annual Mother-Daughter Banquet, The Suburban High Schools' Girls' Clubs' Conference, and being co-workers with the Sr. Council in the Used Clothes Drive, Boy Dates Girl Forums, and the 4C's Campaign.

The first semester officers were: Shirley Foster, Jean Camis, La Vergne Danek, Joyce Tillman, and Emily Habranek. The second semester officers were: Dolores Kaspar, Marjorie Hrusa, Evelyn Truks, Marilyn Kaspar, and Betty Lock. Miss E. M. Prutsman is the proud advisor of this group.

Dear Lora,

This book is too small to write all the things I would like to write to you. The first time I saw you I knew you be one of my dearest friends, and now you are. I've enjoyed greatly dancing with you in Lyons, the Dance Club

and school dances.

Good luck to a really swell character

yours
Larry
Kaspar

Circulation Staff

Down the aisle of a giggling girls GA class walks an important looking student. After mumbling a few words to the teacher, he painfully turns and faces his audience. "There will be a game with New Trier, Friday; tickets are now on sale at the Ticket Office." He pauses a minute, hoping that no questions will be asked and then, relieved, hastens to depart.

This brave lad was a member of the Circulation staff, a boy's service organization which acts as a herald of coming events and a newsboy for the Mortonian Weekly. Mr. G. B. Reeve takes charge of the morning group, while Mr. P. R. Kasik heads the underclassmen.

Frosh-Soph Girls Club

Service is the chief goal of the Frosh-Soph Girls Club, along with a little pleasure on the side. Making favors and scrap books for bed-ridden children, sponsoring a Washington's Day party for February freshmen and "taking in" a fashion show were a few of this year's activities. Miss P. G. Reeve is the advisor of this group.

Junior Council

Who takes care of the assemblies in the afternoon? Who helps serve at all the banquets? Who has some really super night meetings? None other than the Morton Junior Council. Under the supervision of Mr. G. M. Larimer, the Morton Junior Council is a group of fine underclassmen who are assisting the Morton Senior Council in almost all its activities. This group was formed in affiliation with the Senior Council so that the underclassmen would have the benefits of a service club. During the first semester, Frank Crezsic was the *president*; the *vice president* was Ray Sula; *secretary*, Art Michalek; *treasurer*, Larry Chartrand. The second semester the officers remained the same with the exception of the president, who was Ed Macha.

Morton Council

Now we come to one of Morton's hardest working service clubs, the Morton Senior Council. They are the fellows that usher at our assemblies, serve at our banquets and sponsor the annual Father-Son Banquet. They, in collaboration with the Jr.-Sr. Girls' Club, sponsor the Used Clothes Drive and conduct the 4C's campaign.

The Council is affiliated with the Hi-Y and attends the state older boys' conferences.

All in all Mr. Meeker's boys certainly do enter into the spirit of service and good fellowship.

Dear Zora —

I've known you for a long time but we didn't really get acquainted until this year in Art. Hope to see more of you in the near future. — Good Luck! — Carol T. —

SCHOOL ADVENTURES

Mustangs Capture Third

Under the able coaching of Mr. "Buck" Wright, Morton's varsity gridders ended a good season with a third place in the Suburban League. The team compiled 4 wins with 3 setbacks and one tie.

The opening game at Bloom found Morton on the tail end of a 25-0 trouncing. The fast and furious Bloom aggregation was just too much for a still fresh and unbalanced Morton team. The Mustangs threatened continually but were unable to score.

The second practice tilt gave Morton fans a glimpse of the future as Morton effectively combined passing and running to outscore R. B.

Suburban League Race

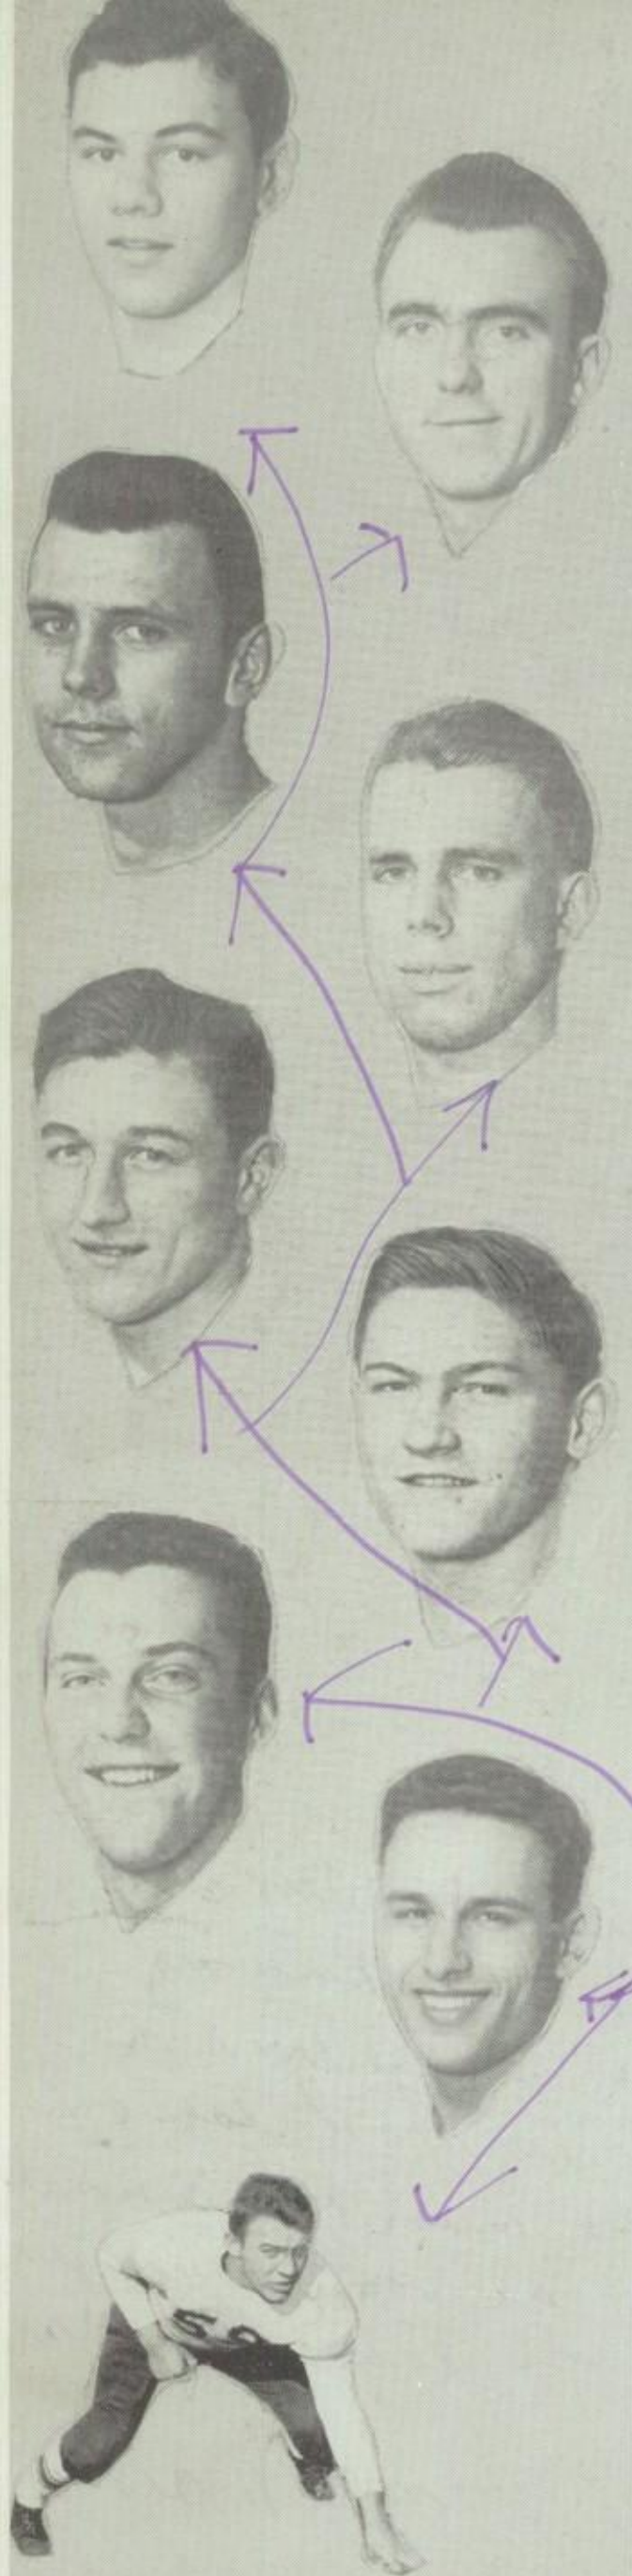

of Brookfield, 7-0. The lone tally came in the third quarter when "Bubs" Doneske, outstanding junior, tore through for a touchdown on R. B.'s one-yard line. "Moose" Hodan effectively added the extra point.

In the Suburban League opener, Evanston bowed to the Mustangs, 9-0. A devastating ground offensive paved the way for the backfield who pushed across their touchdown in the third quarter, made the conversion, and then added 2 more points to the score in the fourth period by means of a safety behind the Evanston goal. Early in the third period some beautiful passing and receiving by Young, with the assistance of Rudy

Cernoch and Marty Serbick, enabled the Mustangs to bring the ball from their own 20 to a touchdown. Hodan converted. It was later in the period that Morton pushed the Wildkits in back of their own goal to score the safety.

Using a devastating "T" formation offensive, the mighty veteran backfield of the Proviso Pirates scored twice to defeat Morton's Mustangs by a close 13-6 score. The lone Morton tally came in the second quarter on a 32-yard dash by George Behnke. The pass which spelled defeat for the hard-fighting Mortonites was a pass from Casilli to Justus.

In the ensuing game, Morton once again came out on top to defeat New Trier of Winnetka, 21-14. It was Norm Kusnierz who scored two touchdowns in the second quarter to put Morton ahead at the half. New Trier came back in the third period to score, and it looked as if the game had ended as a tie. But, in the fourth quarter, Harold Holdych intercepted and ran a pass back 45 yards for the winning tally. "Moose" Hodan then kicked his third consecutive conversion.

Varsity Basketball

Once again, under the coaching of Norm Zeibell, the Mustangs started the season out with a win over R.B., 53-30. The second game was a complete reversal as an experienced Champaign quintet outscored Morton, 53-45. Turek led with 15 points but Ted Beach of Champaign kept his team in the lead with 22 points. The following practice tilts saw Morton subdue Thornton by a big 60-33 score and losing to last year's state champs, Decatur, 50-38.

In their first league encounter, the hot and cold Mustangs lost to a speedy New Trier team, 46-35. In the next game the boys made up for this defeat by beating Hinsdale, 56-32. In the second league tilt the Mustangs rolled over Evanston, 50-36. In this game Don and Ken Turek collaborated to hit the hoop for 30 points.

Traveling to Moline for pre-Christmas games, the Mustangs subdued Moline, 38-31, but lost to East Moline, 45-39.

In the East St. Louis Holiday tourney, Morton knocked out Hillsboro, 40-26. Guisfredi, star first-string junior, led in points with 12. In the semi-final game, Edwardsville came out on top in a fast-scoring 44-41 game. The Mustangs led most of the way but couldn't hold the lead.

Coming back to Cicero, the Mustangs faced Oak Park for the first time. The Huskies came out on top 35-34, mainly because Morton could not hit their free throws. Don Tourek was high man with 10 points.

In the following game the Mustangs displayed their "hot" side and hit the hoop for 48 points in trimming LaGrange, 48-35. Blaha and Don Turek were high men in scoring. Cooling off once more, the Mustangs dropped two in a row. The first one went to the Waukegan Bulldogs, 42-35. Ken Turek led in the scoring department for Morton.

In the next game Morton faced another of last year's "Sweet Sixteen," and they proved too hot to handle as they rolled over the hard-wooders, 50-35. Both Tureks and Jim Blaha led our team in scoring. These two losses were followed by twin victories. The league-leading Proviso Pirates were decisively blasted from their lofty perch as Morton's rejuvenated team won, 48-30. An improved Thornton quintet was not good enough to hold the Mustangs, so Morton won the decision, 41-34. Ken Turek hit the hoop for 17 points.

Displaying a new array of power and speed in opening their second round of league play, Morton's cagers trampled over New Trier, 44-39. This game was followed by a one-sided win over Waukegan, 56-32. Ken Turek led in scoring in both games with Jim Blaha close behind.

Herb Ray, the same lad who engineered Oak Park's 35-34 win over Morton a while back, dropped in a last-minute free throw that enabled the Villagers to take another close game over Morton, 37-36. The maroon-and-white had the lead up to the final quarter when they fell apart and the Huskies went ahead on a series of free throws.

The Whiting, Indiana, team that came here met a completely changed Morton quintet and found themselves on the tail end of a one-sided 68-53 rout. Ken Turek dropped in 31 points to lead both teams in scoring. Jim Blaha came next with 12.

The following game found the Mustangs losing to the league leaders from Waukegan by a 41-37 score. In the ensuing game, the Pirates dropped Morton 42-37. The defeat dropped Morton to a lowly fifth place in the Suburban League race.

The Morton Mustang nine started the 1945 season off with three successive wins in three successive days by scores of 6-4, 8-5, and 7-3. The losers in this first week of play were Austin, La Grange, and Harrison. Bill Suchy, star junior hurler, collected two of these three wins. In these games the Mustangs showed promise of another great team. The fourth straight win came when the batmen trounced Argo, 14-2. The Mustangs then went forward and completed a good season. In the first game of the District Tournament we won, 10-1. Pete Young hit consistently. In the finals, Oak Park nosed them out and Morton lost its chance for another State Championship.

Despite the able and guiding hand of L. H. Batson, the Morton Suburban League Frosh-Soph Champions failed to retain the title this past season. After winning and losing one of their first two practice games, the Ponies appeared to be on the road to another "Crown" as both Evanston and Proviso bowed to the maroon and white clad underclassmen. Then something went wrong, and all the breaks went against us as New Trier, Oak Park, and Waukegan came through with unexpected victories to blast the hopes of the fighting Ponies. The fellows played eight games, winning four and losing the same number.

The boys started the season off on the right foot as they defeated Bloom, 13 to 7. Due credit must be given to halfback Wally Proksa, who galloped to two touchdowns, one of which was tallied on a brilliant 60-yard run. Riverside-Brookfield's powerful lightweights were next on the schedule, and they managed to blast their way to a 19-0 victory.

Evanston was the Ponies' first league opponent, and after an exciting game, the boys managed to edge out the fighting Wildkits, 9 to 6. Proksa showed his usual fire, and it was he who scored the winning touchdown in the game's closing minutes. Proksa combined with Lou Kovanda as the Ponies won their second league tilt with a close 14-13 victory over Proviso. A last-quarter touchdown by Zalesky saved the Ponies from being shut out as New Trier showed that the boys were no match for their eleven by crushing our team, 33 to 6. This was our first defeat. The next game was a non-league contest and the underclassmen got back into their winning ways as Megrue, Wodecki, and Zaleski crashed over for touchdowns in the last half to give them a well-earned 22 to 0 victory over Argo. The Ponies' next game was the traditional battle with Oak Park. The Huskie eleven avenged a loss to the Ponies the year before as they rallied in the last three quarters to hand our boys a 26-6 defeat. The Morton score came on a beautiful 35-yard aerial from McCandless to Nohijl, who romped the remaining 15 yds. for the score. In the Ponies' last encounter of the season, Waukegan's Puppies won an upset victory over the gridders as both points

after touchdowns were made by them to give them a hair-raising 14-13 victory.

Much credit has to go to Coach Batson for his excellent work in getting the team in shape. His knowledge and skill were instrumental in giving the Ponies their not-too-unsuccessful season. One of the most valuable men on the team was Wally Proksa. This lad was a standout both offensively and defensively. He was the Ponies' leading scorer. Also carrying the burden of the backfield were McCandless Grabitz, Kovanda, Megrue, Zaleski, and Wodecki. The men in front of them who made the openings for these scat backs were linemen Lantuit, Harcourt, Jacobson, Nohejl, Lancilotti, Fiala, and Pope. Besides these regulars, Coach Batson had plenty of strong and capable reserves who were always on hand when they were needed.

Frosh-Soph Basketball

This year's Frosh-Soph basketball team was once again coached by their old mentor, Jim Vopicka. With his return, the boys managed to finish the season in second place.

The team started out rather slowly as they dropped 3 of their first 4 games. Getting hot all of a sudden, the boys collaborated to win their first league against New Trier by the score of 31-28. This was followed by two more wins over Evanston and Oak Park to keep the boys in first place. Their first defeat was at the hands of Waukegan, by a close 28-25 score. Grabitz hit for 21 points as he paced the Ponies to a one-sided 41-26 margin. This kept the boys in a tie with the Waukegan quintet.

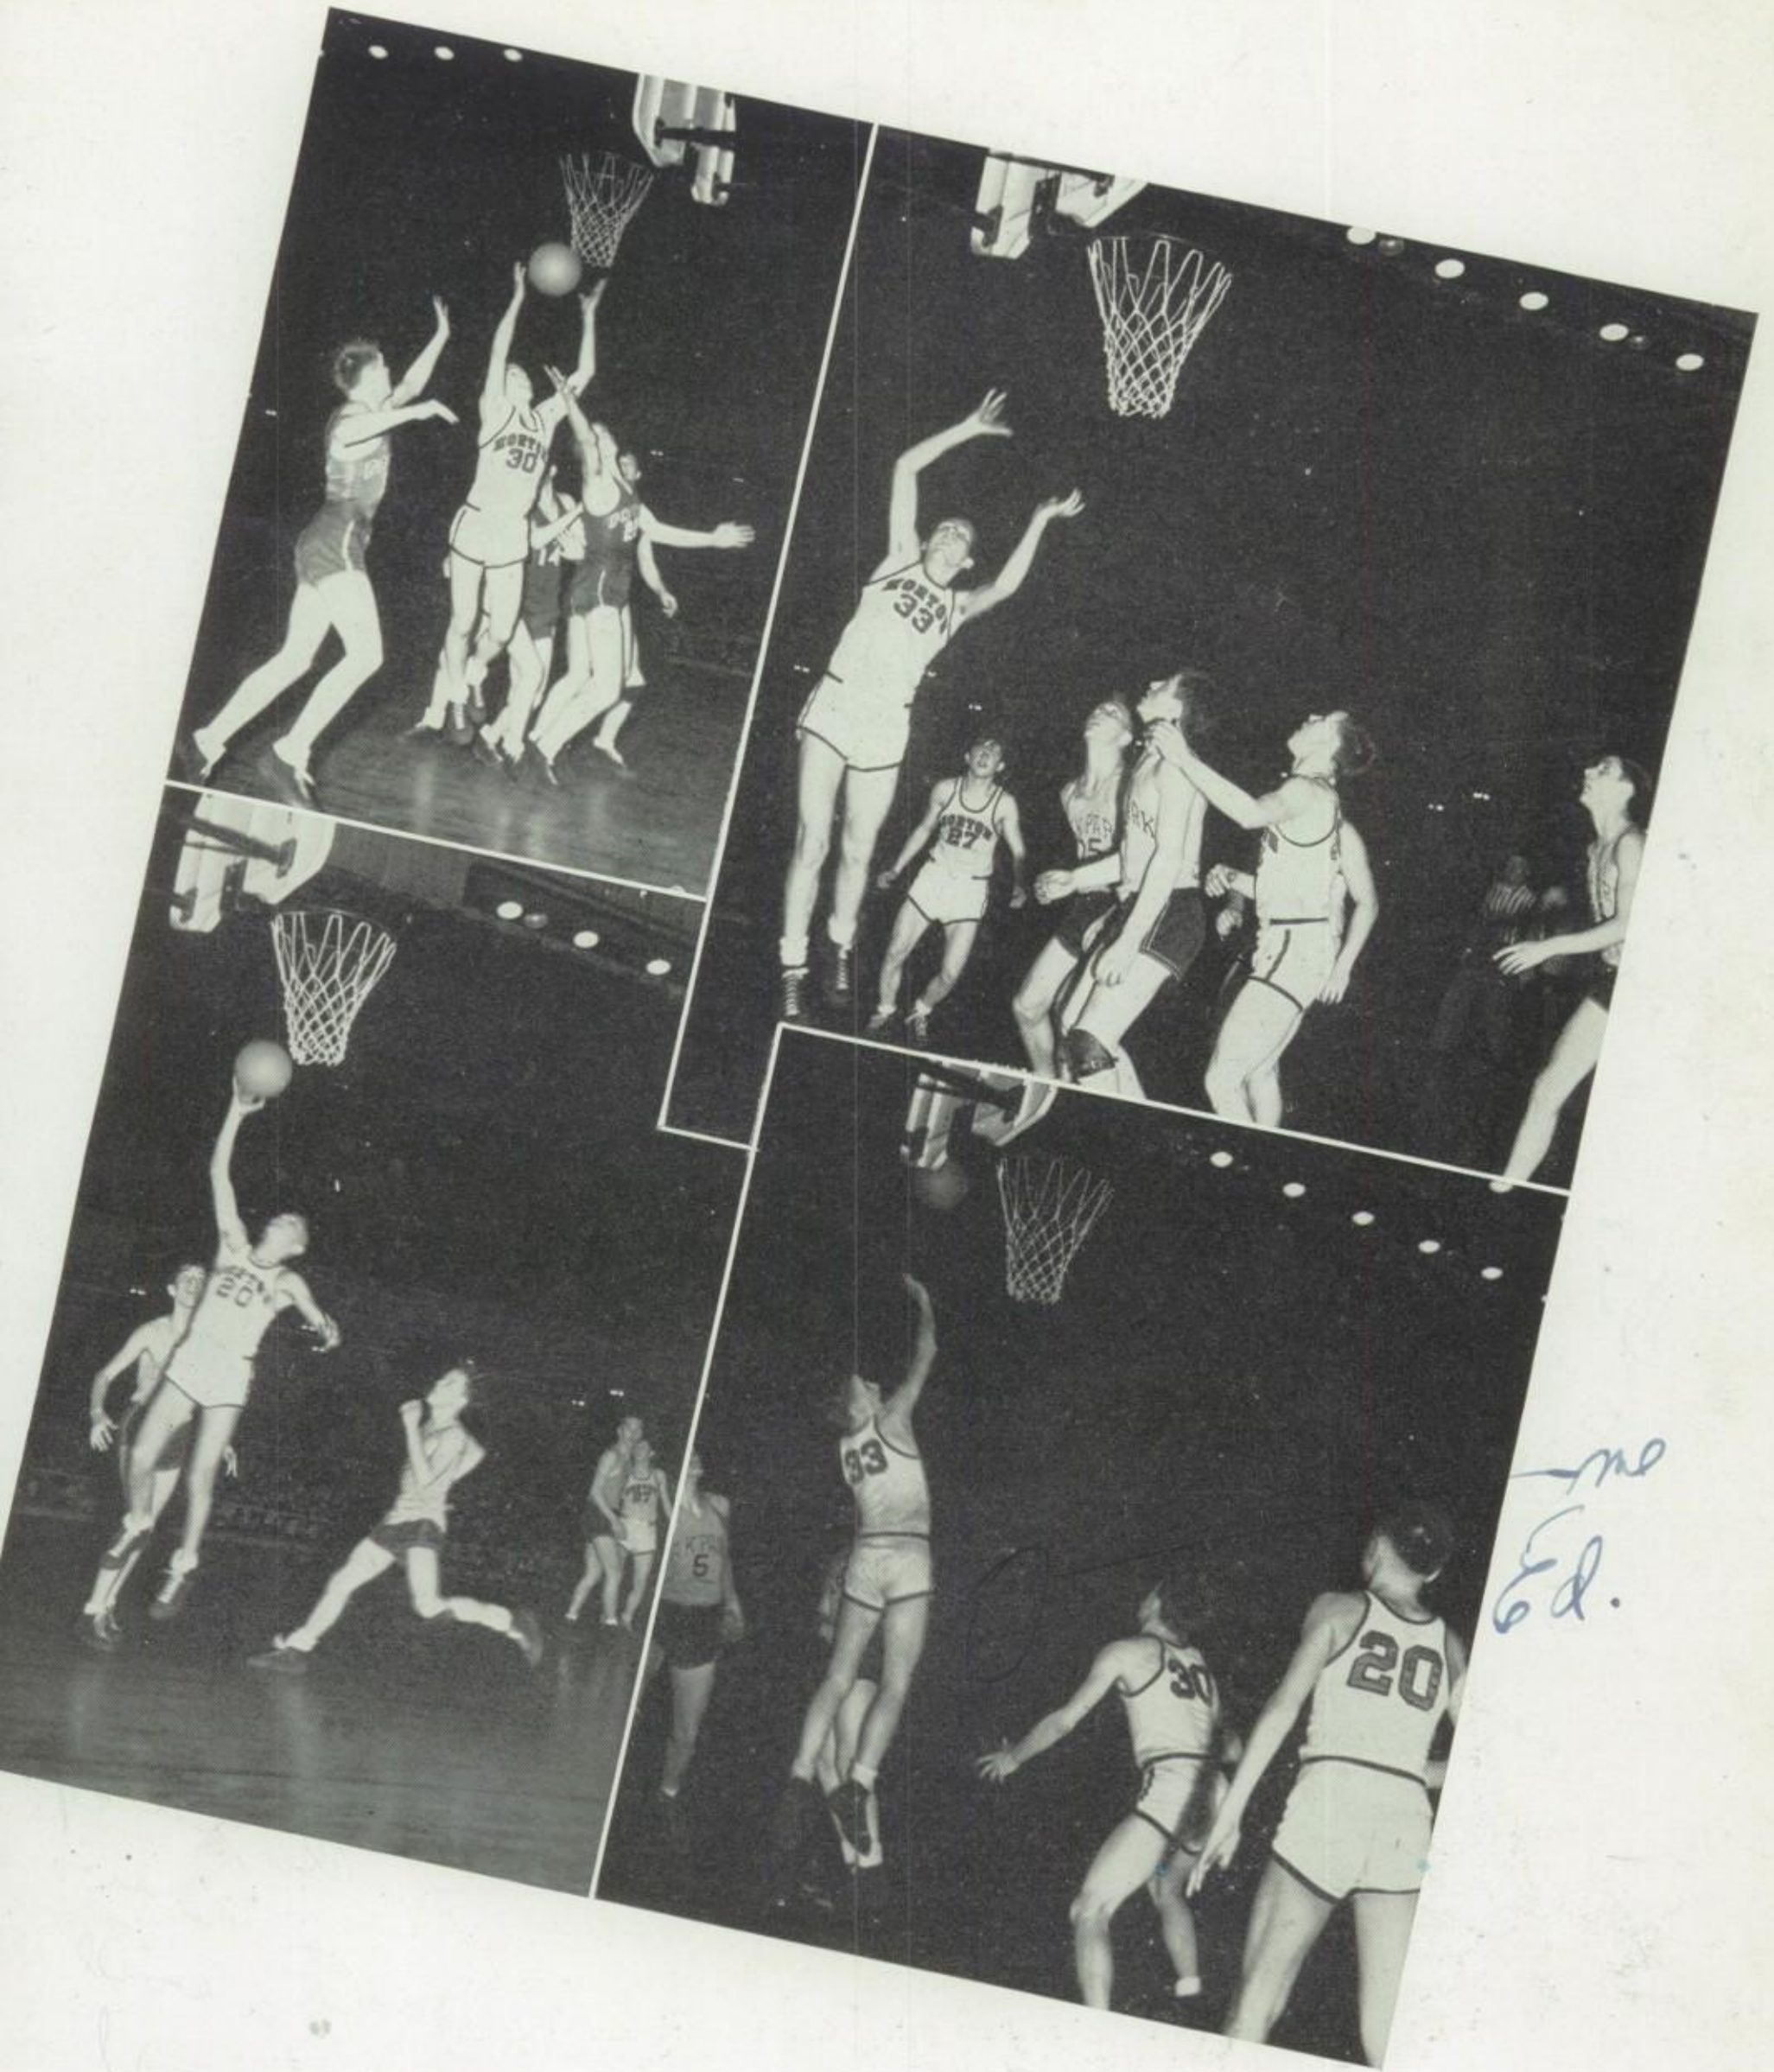

Following the loss of Grabitz, Proksa, and Kolb, due to mid-year change, the boys slowed up and lost consecutive games to New Trier and Evanston. Improving with every game, the boys finally struck into pay dirt as they trounced an Oak Park five, 34 to 22. By rallying early in the game, and then holding off a late rush, the Ponies upset the powerful Waukegan squad by a close 24-23 margin. In their final league tilt, the Ponies met and lost to a strong Proviso team, 24 to 21. The Morton underclassmen finished their season with 10 victories against 8 losses.

Junior Varsity Basketball

As in the past years, the Morton Junior Varsity had another fine season. Due to the travel restrictions being lifted, the boys saw much action as they swept to ten straight victories.

The boys opened the season handing New Trier a 37-30 defeat, and from there on, the rampaging J-V'ers couldn't be stopped. They were a high-scoring aggregation as Oak Park, Waukegan, Evanston, and Proviso also became victims twice each. Pacing this scrappy quintet throughout the season were Ken Bogda, Ciro Vuolo, Jim DeStefano, Vince Brezinski, and Al Fleider to just mention a few. The team was coached by war-returning Coach J. Cross Country Nosed Out of League Lead *By zora nose*

The Harriers amassed a total of five victories and only one defeat in closing another successful cross-country season. Rolling up a vigorous offensive power, the fleet-foots trampled over Riverside, Austin, Steinmetz, Wheaton, and Evanston. This year the sophomores and juniors carried the burden of the team's aggressive might. The Harriers had only Proviso in their way to another Suburban Championship. But, in their only loss of the year, they had to be content with a second place. Miles Kournel, Korecky, Bagne, and Dougall were the underclassmen who sparked the team. Seniors were Captain Citek, Houda, Tarne, Feltgen, and Vondrasek.

Cindermen Face Heavy Schedule

In their first two meets of the new year, the varsity cindermen managed to gain one victory and one defeat. New Trier's Green Wave were the thinclads' first opposition and they outran the boys, 56 to 39. First places in this meet were taken by Harry Holdych in the high jump, Frank Steffan in the broad jump, Bob Toriello in the 50-yard dash, and Bob Vondrasek gained a tie in the pole vault.

The trackmen next beat Harrison, 63 to 24 to even their season's record. Dick Arend took firsts in both the low and high hurdles to lead the team. Kernoul and Hausner took firsts in the half mile and shot put, respectively, and Jenkins and Serbick, and Holdych and Reimer managed to tie for first in the 60-yard dash and the high jump. Also playing important roles for the Mustang trackmen were Dougall, Klein, Zelenka, Bagne, Korecky, Johnson, Feltgen, and Voth.

The underclassmen harriers managed to take both meets with these two schools. They outran New Trier, 49 to 32, and Harrison fell, 51 to 10.

Soccer Team Wins State

The team opened the season by defeating Kelly, 2 to 1. Then they tied Tilden and toppled a Marshall team. The rugged Oak Park game was won 1 to 0 on a last half goal by Ed Mara. Next, the fellows were handed their only defeat of the year as Tilden handed them a 4 to 2 defeat. This game was followed by victories over Marshall, University High, and Lake Forest. In the final encounter with Oak Park, the boosters won the Suburban League crown as they again nosed out the Villagers, 1 to 0, on a beautiful 35-yard goal by Center-half Ken Houdek. The next to fall were University High, who was crushed twice by 8 to 0 scores, Lake Forest, Lane Tech, thus avenging our defeat to the latter in the "State" game last year, and another revenge victory as Tilden fell, 4 to 2. Next on the schedule was to have been the championship game, but it was forfeited to Morton.

Captain Bob Swanson and Ed Mara were selected to the All-State team. Also sparking the team all season were Co-Captain Don Bertolini, Carl Novak, Chuck Tucek, Ken Houdek, Ed Mastney, Ralph Blaha, Joe Berdych, Jim Misek, and goalie Petrtil.

Coach Buck Wright's tankmen won their first meet of the new season by beating Thornton, 40-20. Morton took every event except the diving. Traveling to Tilden proved to be a downfall for the tankmen as they were beaten, 47-31. In the next meet the tankmen came out on top over Steinmetz, 31-26. In facing Proviso the swimmers fell, 53-27. Both of Niles' swim teams then fell to the tankmen, 36-30 and 42-24. Facing Oak Park, the mermen fell by a 47-27 score. The frosh-soph lost, 45-21. The relay team, Don Jahnke, Jim Keller, Al Kanak and John Seidel came through once more in their department. The Tilden Meet saw the see-sawing tankmen winning, 36-23.

The Waukegan Bulldogs dealt the swimmers their 3rd league loss by a 44-31 tally. The varsity relay team won again for Morton. Roy Brown came through for 2 first places. The relay team lost for the first time in the season as Evanston outswam the Mustangs, 55-20.

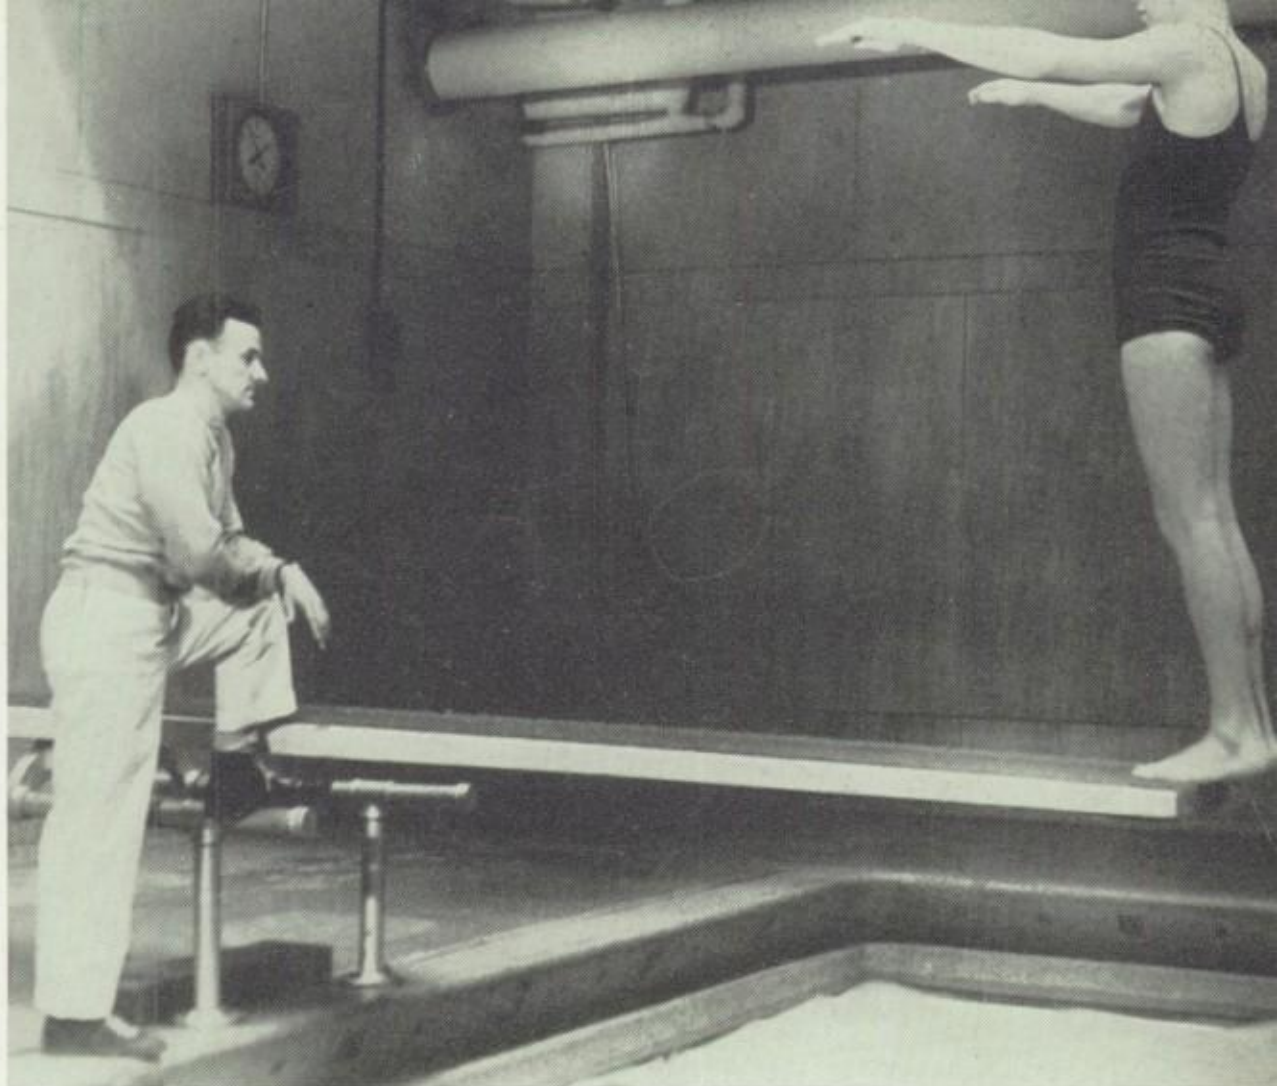

Co-Capt. Roy Brown and Allen Kanek won three races, as did the relay and medley teams, in beating Niles 40-26.

New Trier swimmers handed the Morton men their last loss of the season by beating them 50-24 for the varsity and 47-19 for the Frosh-Soph.

Because of a ruling by the I.H.S.A. the Morton pugilists had only three meets. But, as usual, the Jahelka-coached aggregation showed very favorably.

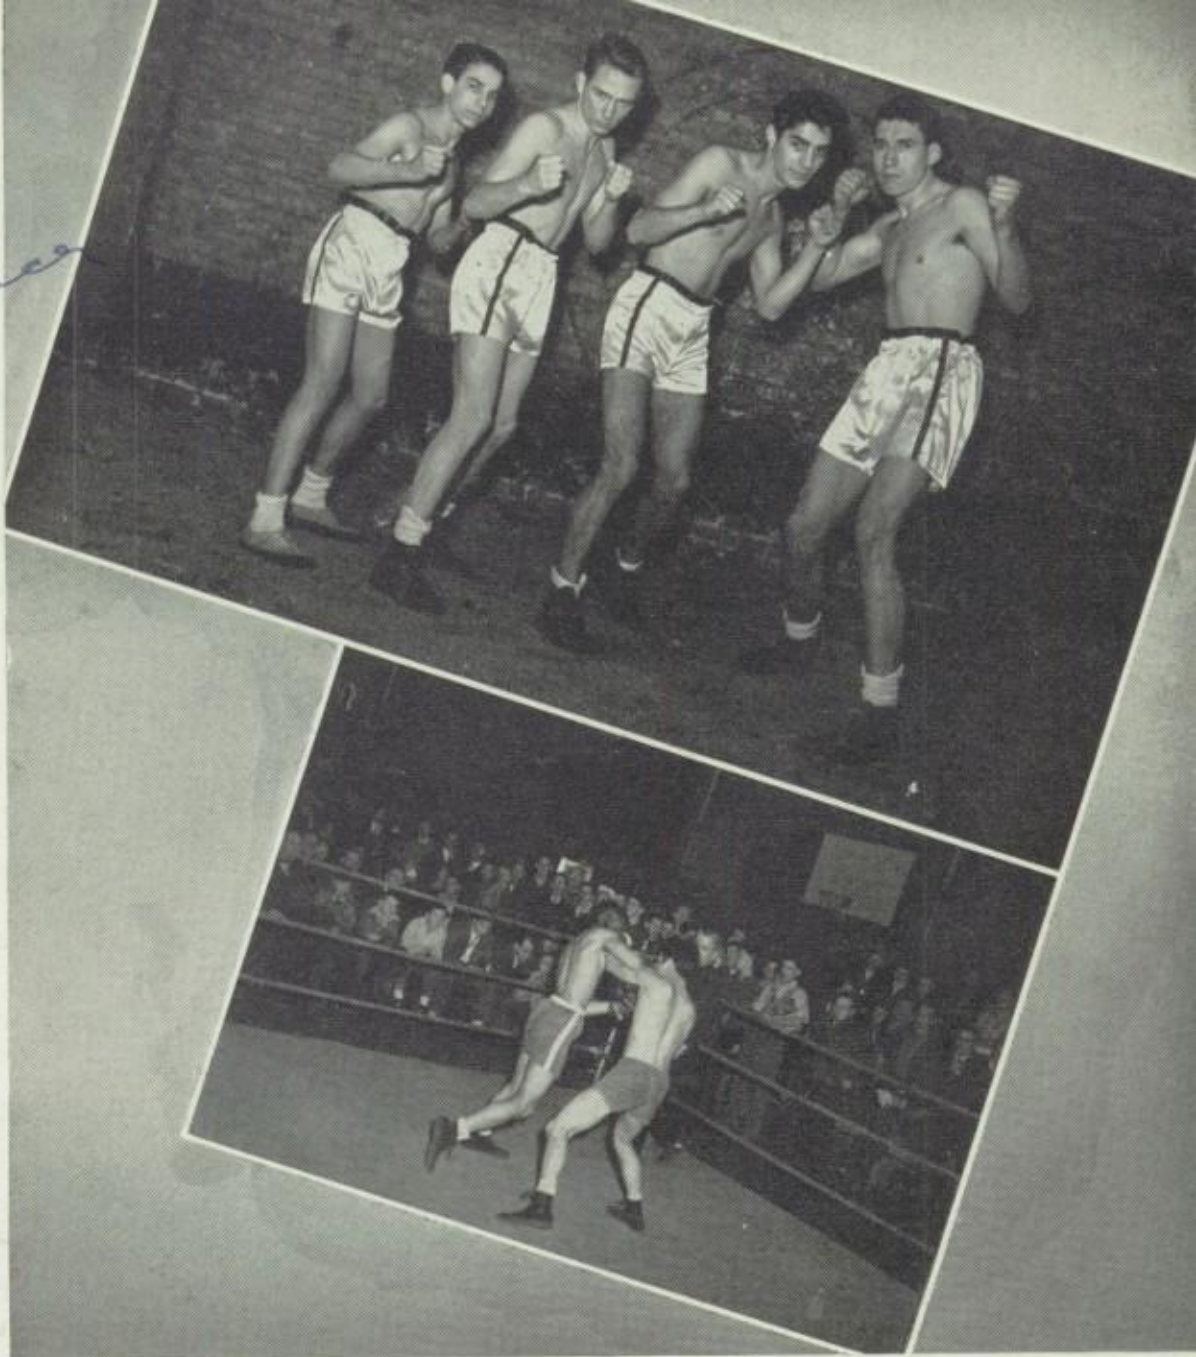

The Mustangs started off the year by giving their traditional boxing assembly to the demand of the students. This year the boys put on their highly successful intramural bouts in the girls' gym. It is in these bouts that the boys gain the experience and harden up for the coming matches.

Traveling to Englewood proved a disheartening event, as the Morton fighters suffered a 6-2 defeat at the hands of Grant.

The leather-pushers out-fought Grant in a return match, 10-4. Barr outhit his opponent for the first point. Kensik dropped his, but Guglielmo went on to win beautifully. Lauth and Hostedler fought hard but dropped their bouts. George Makris displayed superior boxing skill as he gained a well-earned decision. Reichard won and Joe Kakacek was defeated by an unmatched opponent in a close battle.

Finish Brilliant Season

Zora finally gives up.

The Morton matmen started the season off with a one-sided 27-15 win over New Trier. In beating La Grange, they were losing up until Captain Miles Benda, Vohaska, and Will came through to win the meet. They went right on winning by beating Joliet, 27-13. They remained undefeated in beating Blue Island next, 23-11. The "big three," Benda, Vohaska, and Will remained undefeated, along with Abbedutto, who tied. The next meet for the rugged wrestlers was with Tilden, Chicago Champs, Morton tied them, 19-19. In losing to Proviso, state champs, the Mustangs lost their first meet of the year for an impressive record. Also on the record list was Benda, remaining undefeated. The matmen took a third place in the sectional meet. Three men qualified for the state finals. These men were Joe Bolek, Bill Vohaska, and Captain Miles Benda.

Gymnastics

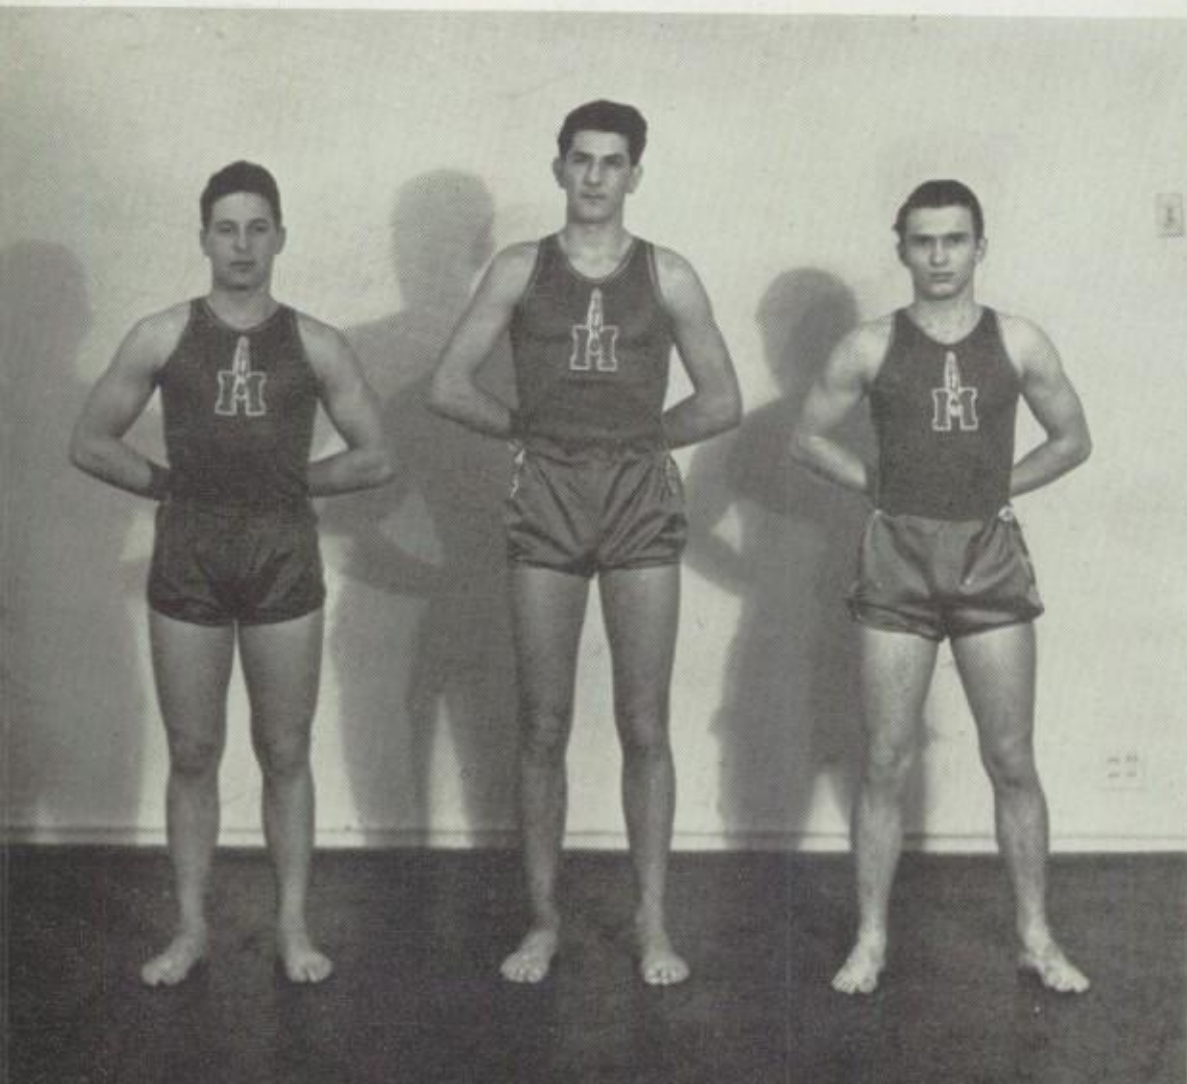

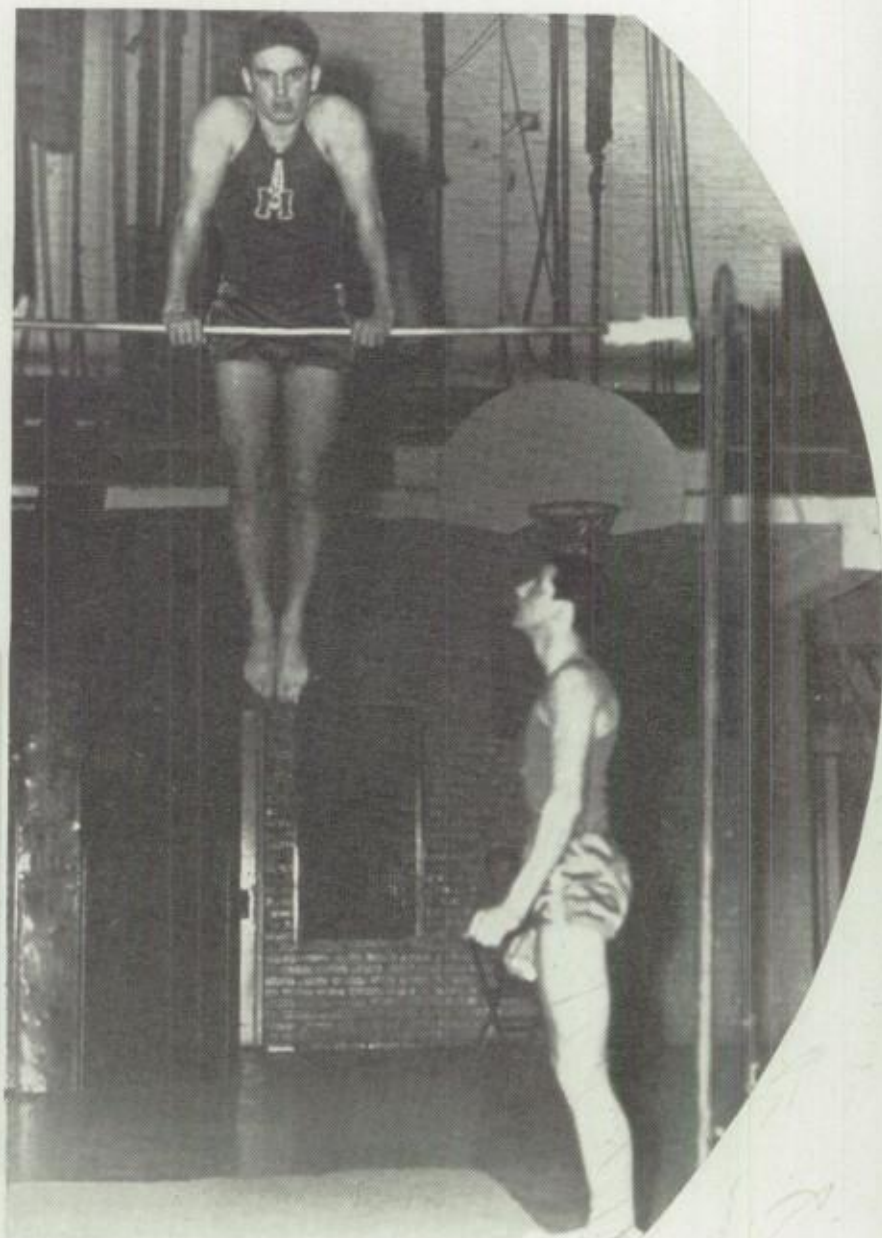

"Look at that fellow doing the half-giant!" or "Did you ever see anyone with such perfect form?" are just a few of the remarks you hear when the Morton Gymnasts are giving a performance on the horizontal or parallel bars. With Mr. L. H. Batson as their new coach, the boys continue to meet every day during the sixth hour in an effort to master some new and difficult trick.

Although they haven't any interscholastic competition, the boys are called upon to give performances during the year. These performances prove very thrilling to their onlookers, and it is then that you realize that the boys must be in good physical condition in order to perform their various feats. While continuing their practice, they sometimes enter the annual A.A.U. meets.

Tumbling

Although it is not very much publicized, the tumbling team is a favorite with many of the Morton Boys. This has been proved as the membership of the team is increasing every year.

The team has no dual competition against other schools, but many are the performances they give. Their skill in their tasks has been shown many a time, and this is one reason why they have won the A.A.U. Championship for quite a number of consecutive years now.

This year, Coach L. H. Batson succeeded Coach O. J. Kudrnovsky as the head of this group, and he has capably carried on the work from where it was left off. Under his leadership, and the continuous and willing efforts to work harder and improve with the passing of every day, on the part of the members of the team, have been vital steps in getting the boys to be in a class by themselves.

The boys meet on the sixth hour each day, and every time they get together, they sweat and work on the various exercises they have to go through until they finally master them.

Golf

The Morton golf team finished one of the worst seasons they ever had as they couldn't chalk up a victory in ten contests. This can be explained, as there wasn't a single man from last year's squad back to compete.

The golfers started the season by dropping a meet at the hands of Riverside. After that, the boys seemed to fall apart as York, Glenbard, Evanston, Bensenville, and Waukegan were some of the teams that found the Morton boys soft touches.

Among the boys who participated in this sport were Glenn Pollack, Jack Velden, Warren Vodak, Don Kosatka, and John Gervase. Coach P. R. Pavlinek was the team's mentor.

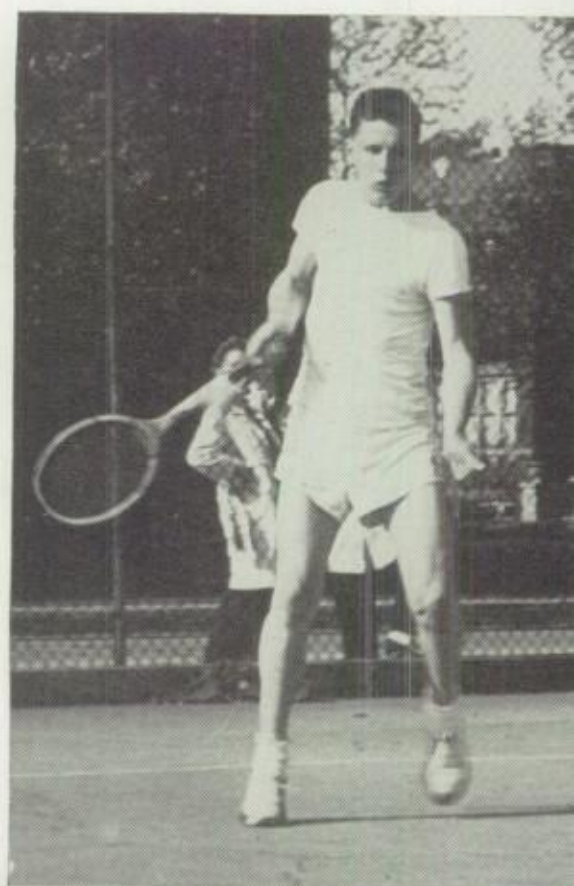

Tennis

Although winning only four of their thirteen meets, the Mustang netmen managed to place fourth in the district competition. The boys were ably coached by Mr. Walter E. Harnish.

After dropping four games the racqueteers surprised a strong La Grange squad by winning four out of the five sets. After being white-washed by Proviso and New Trier, Leyden received a drubbing. In the next six meets, the netmen managed to win two.

Highlighting the team all season were seniors Ed Minor, Bill Kesi, and Ed Cassasa; juniors Zemak and Nelson and underclassmen Guisfredi and McCandless.

The netmen are looking forward to this coming season. To prepare for it, they participated in several round-robin tournaments in fall, and several players showed outstanding promise.

Boys' "M" Club Has Highly Successful Year

They didn't meet Zora
Under the supervision of Coach Wojciechowski, the Boys' "M" club had a very interesting and busy year. With the leadership of Gus Paps, unanimous president, the boys broke the long-standing tradition of afternoon dances, initiating a night dance. The event was for crowning Morton's queen, and it was a tremendous success. George Makris and Bob Swanson produced the unique and stunning decorations of black and gold. Other leaders were Hodan, Tepper, and Doneske. Other officers were Harold Holdych, Vice President, Don Bertolini, Treasurer, and Allen Kanak, Secretary.

Cheerleaders

Who is the backbone of our football and basketball games? Who keeps the crowds of fellows and girls cheering for our team? The cheerleaders of J.S.M., naturally, and the team couldn't win without their enthusiasm. Our players want to know that someone is in the background that cares whether dear ol' Morton wins or not. Our cheerleaders let the boys know by leading the crowd in a "Yea team!" "Yea team!" Cheerleaders are very important to the different sports, sometimes helping to spur on that extra basket, the winning point after a touchdown, or that home run with the bases loaded.

These girls don't just get out and yell. They really work and practice every day making new cheers and perfecting the old ones. Don't you think our cheerleaders and their enthusiastic adviser, Miss Metzel, deserve a pat on the back?

Creative Dancing

The Creative Dance Club is all that its name implies. Oddly enough, the girls practice their dances in the boxing shed. Here they have a real chance to co-operate in the forming of new steps and dances. The modern dancers are divided into two groups—the beginners and the advanced, both of them being coached by Miss A. J. Novotny.

The perfection the girls exhibit in their dances are examples of their hard work achieved through exercises and experience in the beginners' group.

The graceful, poised dancers are very restful to watch, and a program in Morton's auditorium never goes on without the modern dancers contributing to it.

Junior-Senior Athletics

Most girls look forward to their "upper class" years in athletics, because so many different sports are offered to them. Besides playing baseball, basketball, volley ball, and soccer, the Physical Education department has planned other beneficial aids to the girls.

Lots of you gals favor one certain sport such as golf, bowling, tennis, hockey or archery, so when you're a senior you have an opportunity to choose which sport you'd like to master. Under the aid of a teacher, you can really learn all the techniques.

Bowling is one of the top sports that the girls choose. After school hours, the girls go bowling and take part in the fun and enjoyment that goes along with the sport.

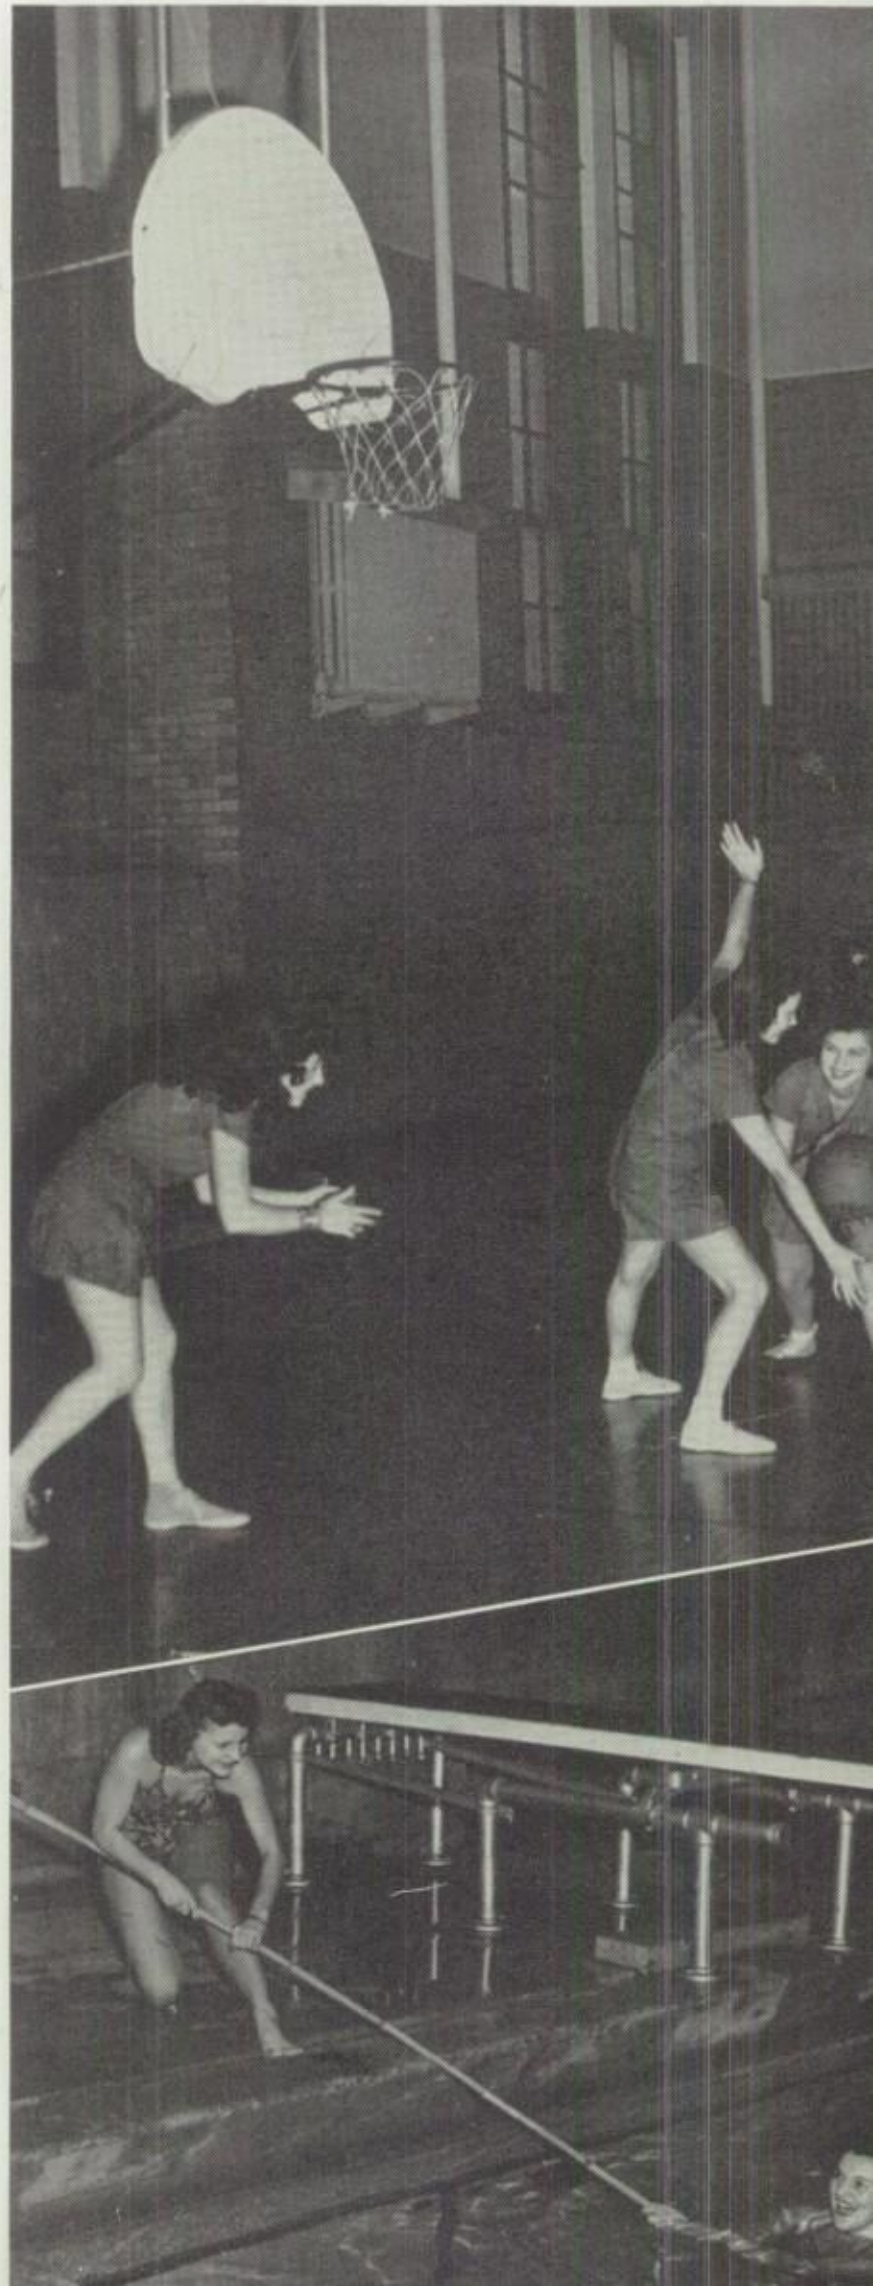

By the time the girls are seniors "they know their stuff" so far as sports are concerned. We can be proud of our senior athletes.

In their junior year many girls take life-saving and then in their senior year they're able to act as life-guards in our school pool. Other activities the girls like to participate in are creative dancing and tumbling, which take the place of regular gym. The junior girls also have a course in home nursing, when, after completing, they get a certificate.

Both junior and senior girls have hygiene. During this period, which is once a week, the girls see movies on health and sports.

A new class that junior girls are now offered is Leadership. Only the select girls are chosen to be in this class. After a year of Leadership training, the girls are ready to take over gym classes when teachers are absent, or to be an assistant to her.

Morton's physical education program is certainly one of the best and it is an important factor in the development of our citizens of the future.

Left 2-3-4, right 2-3-4, forward march! Here they come parading around the gym in their blue uniforms. Who is it? What is it? Don't tell me you haven't seen our girls go through their calisthenics in the gym? Yes, it's quite an experience to get into high school and have "real" gymnastics every day.

To start the school year off, our bloomer gals play soccer. As ole man winter rolls around they hurry inside to play basketball and volley ball. When spring and warm weather come bustling around the corner, the girls once again go out-of-doors and begin baseball tournaments.

Besides their regular gym, the girls have other activities in which they participate, such as swimming and social dancing.

Girls "M" Club

For Moron

Dear John -
It's been swell knowing you & I
hope you will enjoy the Girls M Club
as much as I have. All the luck
in the world to a great little gal.
Rita Klautzer

Snappy! That's what the girls in the "M" Club are. That slick little sweater with the "M" on it is a symbol of hard work. The requirements for an "M" are 1000 points earned by participation in sports. The girls compete in such athletics as baseball, volley ball, and basketball.

Once these gals have their letter they act as assistants to the gym teachers by getting equipment ready, refereeing games, and helping the life-guards down in the swimming pool.

The "M" Club girls boast clean sportsmanship, clean living, and they support the school's team. Their chief aim is service, and the girls certainly have fulfilled this aim.

G.A.A. Have you ever asked yourself what those initials stand for? It's Girls' Athletic Association. It is one of the most popular athletic organizations in Morton. G.A.A. girls have one common interest: their liking for all sports, their favorites being baseball, basketball, and bowling.

Probably the most exciting event of the year for the girls of the club is their annual "play day," with the members of the Girls' Athletic Association in nearby schools. The whole day is spent by participating in games and relays.

The fun the members have during their year-around activities is one of the main reasons why the club has been able to foster an interest in athletics and create a spirit of good sportsmanship among the girls at Morton.

Morton can be well proud of the work being done by the G.A.A. toward building up health.

Tumbling

Who's that group that's always in constant demand? Who are those chick little tricks in the checked shorts that everybody enjoys watching? They're Morton's girl tumblers. Of the many sports offered to girls in Morton, tumbling probably requires more skill and co-ordination of muscles than any other.

Cartwheels, walkovers, headstands, fish-flops, and acrobatic feats are attempted and learned in Girls' Tumbling. It helps to keep these girls in perfect health and Miss Metzel, their very able instructor, keeps the girls in the peak of physical condition.

The purpose of the club is to develop physical fitness, make new friends, and become a working part of the group. Upon entering the tumbling class, the girls must be willing to stick to it no matter "how tough the going" may be.

They missed you, huh Zoe?

Life-Saving

They missed you, huh Zoe?

Help! Help! Don't get worried now, one of Morton's capable life guards will rescue you before you know what has happened.

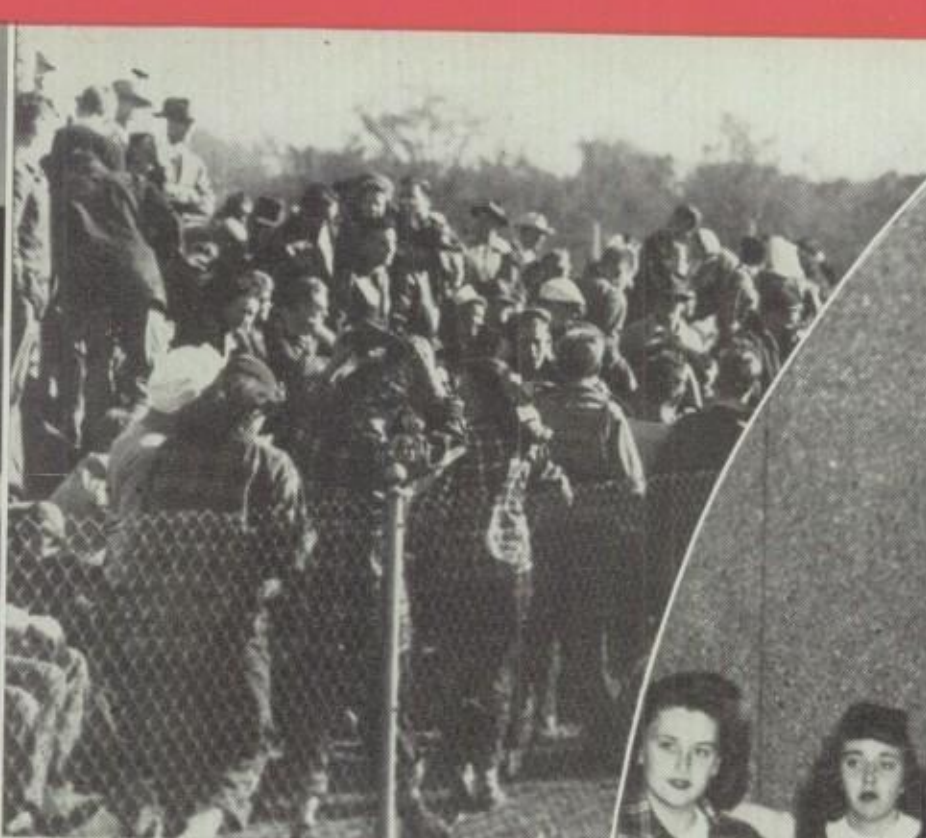

After completing their official Red Cross life-saving course, girls are qualified to serve as life guards in our school pool or elsewhere, like the public beaches in summer.

The girls, besides keeping a careful watch on the swimmers in the pool, may also assist the teacher with her class in various ways.

The guards must know and be able to perform all the do's and don'ts of swimming, how to approach the drowning victim and how to carry them to shore.

A great deal of credit should be given to our Morton life guards for showing their interest and giving their time to promote swimming techniques.

Dear Bora,

Here's wishing the best of luck and success to one of my best friends. Ever since we were in the sixth grade in Gamma School we were friends, and year by year our friendship has grown. It has reached the peak and it is now something that I am proud of. I hope you are also proud of it.

We have shared many memories together, and also Louise, you and I have shared many together.

Remember when we used to beat up the boys in sixth grade? And the time you hit Frank on the head with a book and you had to stay after school? Remember how we used to whistle at Miss Miller and the time you put a tack on my seat with some other kids? Remember our graduation and after that our first ride to Morton on the bus? Remember how we used to look behind the doors to see if we were going into the right classes? And how we tried to open our locks when they were stuck?

Many were our memories that we will keep locked up in our hearts forever. May your guiding star guide you to the top of success, happiness, and love.

Love Always,
Violet Decich
